Inspired by the beauty of the landscape. Designed for the way you live.

Rocklin interiors are designed to reflect a more intentional pace—encouraging gathering and elevating the everyday. Two curated colour schemes capture the natural hues of Burke Mountain and the best elements of the creekside setting, while large windows flood your home with light. Master bedrooms feature vaulted ceilings, creating a spacious yet private retreat.

“ The design inspiration comes from the classical craftsmen style of the neighbourhood and natural warmth of Burke Mountain. ”
