CITY LIVING MEETS NATURE

A dynamic mix of exquisitely crafted 1, 2 plus den, 2, & 3 bedroom suites, City & Laurel's versatile homes are designed with wow in mind. Discover artist's studios, trendy cafes, breweries and international cuisine among the storefronts and shops of the city's downtown core. Venture slightly north, south, or east and become encompassed by the vibrant landscape of mountains, greenway trails and the expansive natural landscape minutes from your door at City & Laurel.

INVITING INTERIORS

Exceptional selections from the most current colour palettes available have been sourced by City & Laurel's European interior design team. As a continuation of the urban concept, City & Laurel's interiors blend an understated yet sophisticated design combining simplicity and boldness, with striking quartz countertops, classy stainless steel appliances and high-quality vinyl floors.

NATURAL EXTERIORS

Borrowing from the rich natural surroundings, while channeling a contemporary feel, City & Laurel's architectural visage is a tribute to the new type of urban lifestyle. Akin to its scenic setting, constructed of solid brick accented by exposed concrete, siding seamlessly blends the development into the environment it's being placed. Designed as the entrance to Haney, City & Laurel's grand massing at Dewdney and Dunbar invites visitors to Maple Ridge's blossoming downtown neighbourhood.

AMENITIES FOR EASY LIVING

The amenities at City & Laurel are designed to add simplicity to your life. Start your day off by recentering in City & Laurel's expansive yoga studio with an unobstructed view into. City & Laurel's sunroom (and fully secured) courtyard area through a wall of accordion windows. The unique design allows the warmth from the sun and the crisp fresh air to be accessible easily with the retractable glass doors. It ensures work is your mother approach separating your home and work life in a breeze with City & Laurel's office hub. Create that separation and balance in your everyday life by leaving your home without leaving the building. These well-thought out additions to the project have been designed as a compliment to the urban West Coast way of life.
