DESIGN

BEAUTY IS IN THE EYE OF THE KEYHOLDER

It starts with intent— connectivity to nature, a sense of warmth and a welcoming ethos— and evolves to create spaces that work harmoniously.

Through great craftsmanship and grand scale, NUVO fosters genuine moments of reflection. Neutral tones flow through each space, from one detail to another in seamless transitions that feel sophisticated and ethereal.

> By nature, architecture marries beauty and engineering.

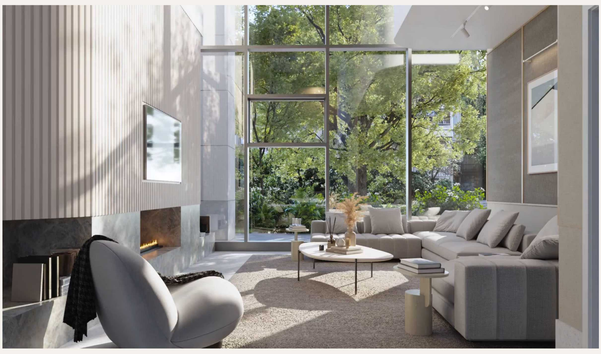
The award-winning designers at Ste. Marie Studio are acclaimed for creating nuanced, timeless and experience-driven spaces that are grounded in their impressive expertise and strong belief in integrity.

AMENITIES



A WELLNESS STATE OF MIND

Live in abundance, with curated amenities designed to enhance relaxation. As soon as you walk through the amenity doors, you'll feel at peace. The neutral, calming colour palette allows your mind to settle and appreciate the space, while natural light warms the room. NUVO's minimalist style achieves a welcoming environment, showing off the beauty of functional space.

> "Good amenity design is based on purpose – for this building, for this perspective, for this lifestyle."
