Overview

Midtown Modern - 630 East Broadway, Vancouver, BC, V5T 1X6, EPP56692. Midtown Modern is distinctively forward-thinking in design. The modern architecture is defined by crisp, clean lines intentionally drawn to bring a fresh perspective to the neighbourhood. The structure stands out in Mount Pleasant as a bold example of contemporary living. Relax on the generous balconies allocated to every home a personal piece of the outdoors. Breathe in the fresh air from Penthouse

rooftop decks accessible from balconies via a winding staircase that gracefully curves out from the facade revealing stunning mountain and city views. Crossroads are Carolina Street and East Broadway

Interior spaces are designed to be smart. Like the architecture, modern living spaces are clean and fresh with a smooth flow moving throughout. Kitchens are functional, seamlessly merging with the rest of the home. Pure white Caesarstone quartz countertops sweep into a matching full-height backsplash, and make a stunning matte black faucet really stand out. A designer collection of stainless steel appliances inspires your inner chef. Find sanctuary in the ensuite bathroom with a rain shower set into the luxurious black-accented shower with striking white hexagon wall tile. Or sink into a deep soaker tub. Interiors are designed to facilitate peace and quiet or to inspire entertaining and creativity.
