Overview

Eila on W49 at 6511 Fremlin St, Vancouver, BC V6P 3W2, Canada. Located at West 49th Avenue and Fremlin Street in the neighbourhood of Oakridge-Vancouver West. Eila on W49 is a new townhouse development by Alabaster. Comprised of 23 elegant units, 3 stories and has estimated completion in 2022. Designed by Formwerks Architectural, features three 3-storey woodframe buildings with fourth-level roof decks, arranged around a central courtyard. Fourteen of the units have three bedrooms, making them suitable for families. Close to schools, parks, shopping, golf course, bike routes, buses and sky train.

The Eila adapted classic elements inspired by the nearby residences. The facades boast a clever mix of textures and material-brick, metals, and wood-while keeping a tonally minimal color scheme of whites with black accents. Thoughtful details, including gooseneck lamps and charming landscaping, make the homes blend in seamlessly with its neighbouring residences. Enjoy the spacious private rooftop terrace, with expansive views of the city and its mountainous landscape. Fit for dining, cooking, and lounging, these terraces were designed with summer dinners and long reads in mind.
