BUILDING FOR GENERATIONS

Owning a Bosa Properties home means more than simply owning a piece of real estate. It's about owning a signed original that can never be replicated. It's about owning a building noted for distinguished architecture and innovative interior design. With every Bosa Properties home comes the peace of mind that only solid concrete exterior walls can provide. The time-tested Bosa Wall™ building method is simple yet incredibly effective and ideal for the west coast climate. Few homes built these days can match Bosa Properties' exceptional standards, and even fewer can equal a Bosa Properties home for original architecture and striking interior design. That means your home at Altamonte should become even more valuable as time passes. You'll be as proud to own your home as the Bosa family is to build it.
