Eden. A Moderne monument of
ziggurat rooflines, carved cornices,
contemporary polished steel and glass.
Windows casting an eye over the
cityscape and the sunlit park below.
This is your Eden, **created for living.**
Intelligent floorplans attuned to the
way you live. Your own private spa,
a haven of unsurpassed tranquility.

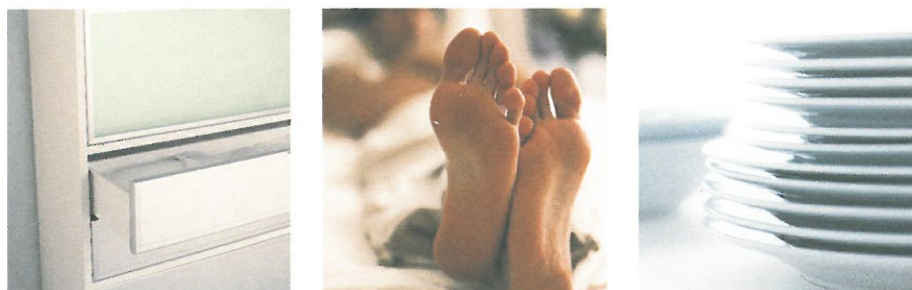

How do you measure value? Does value mean originality – owning a home in a building like no other? Does it mean sophisticated, unforgettable interior style? Or does it mean living in a home constructed by the city's most exacting builder-developer with over thirty years of building experience?

The creation of home. Eden is a monument to design innovation, and yet so eminently livable. Urban paradise wrapped in an architecturally provocative tower of concrete and glass. Inside, a sensory experience of soothing hues and tactile pleasure. Dramatic slabs of porcelain floor tiles, cabinetry of warm polished wood. Walls a subtle palette of linen white. Deep soaker tubs with natural lighting. Modern simplicity that is sublime. Never stark.

EdenSpa and lounge are a sanctuary for body, mind and soul. Spin, stretch, salute the sun, dance, train, box: do whatever it takes to create inner euphoria or inner calm. Dissolve in a cloud of steam. Let water cascade over tired muscles in the soothing whirlpool spa. Sip chilled mineral water at the bar and get to know thy neighbour. Sunbathe on the garden patio, an oasis of greenery and sunlight. Come home and stay.

I imagine a

Eden is a perfectly self-contained environment. An environment that soothes, invigorates, inspires your imagination. A home as private or connected as you want to be.

Centre yourself downtown. Live in the best urban niche for lunching and brunching, shopping or strolling, scene-scoping and trend-spotting. Eden is flanked by Yaletown, downtowns newest park, and the entertainment corridors of Richards and Granville. Downtown south is ever-renewing, ever more intriguing. Now the centre of an arts revival led by the Contemporary Art Gallery and the Scotiabank Dance Centre.

Bosa Ventures Inc.

Owning a Bosa Ventures home means more than simply owning a piece of real estate. It's about owning a signed original that can never be replicated. It's about owning a building noted for distinguished architecture and innovative interior design. In fact, many have even become local landmarks.

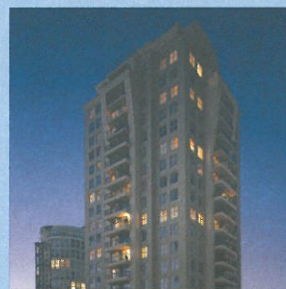

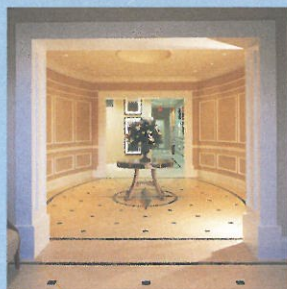

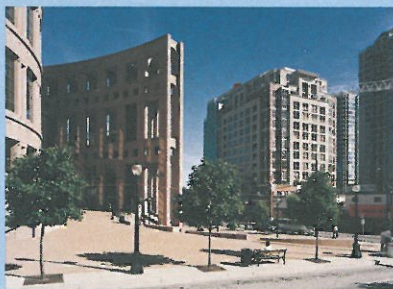

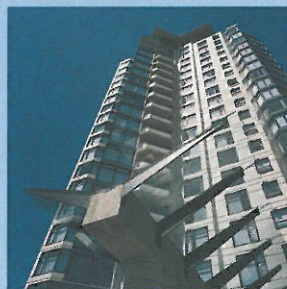

With every Bosa Ventures home comes the peace of mind that only solid concrete exterior walls can provide. The time-tested Bosa Wall™ building method is simple, yet incredibly effective and ideal for the West Coast climate.

Most importantly, because Robert Bosa oversees both Bosa Ventures and Bosa Construction, you are ensured the highest quality standards throughout, from conceptual planning through design and construction. Right down to the last nail and the last coat of paint.

Your home is built by dedicated craftsmen, many of whom have been working with Bosa Construction for three decades or more. As a result, Bosa's expertise is so highly respected that they build high-rise towers for some of the Lower Mainland's most successful development companies.

Few homes built these days can match their exceptional standards. And even fewer can equal a Bosa Ventures home for original architecture and striking interior design. That means your Eden home should become ever more valuable as time passes.

You'll be as proud to own your home as Robert Bosa is to build it.
