storage locker • laminate flooring • soaker tub • vessel
sink • mountain views • polished chrome • wine rack

Count on Quality

Your Cornerstone home isn't just a pretty space; quality construction surrounds you. We guarantee long-term peace of mind, brought you by Marcon's 28 years of experience.

Our skill is evident in every detail — the cabinetry, flooring and matching mantle are made from highly durable materials in warm wood tones, creating a unified look that will never go out of style.

You'll love the little extras, too (they add up!) — the floating fireplace, oversized balconies and extra-capacity washer and dryer make day-to-day life so much more enjoyable and convenient.

Other features of note include the spa-styled bathrooms with a rain shower head and above-counter vessel sink, plus built-in wine rack and stainless steel Whirlpool appliances.

We've included everything — yes, even the under-mount kitchen sink.

MARCON

Your neighbourhood.

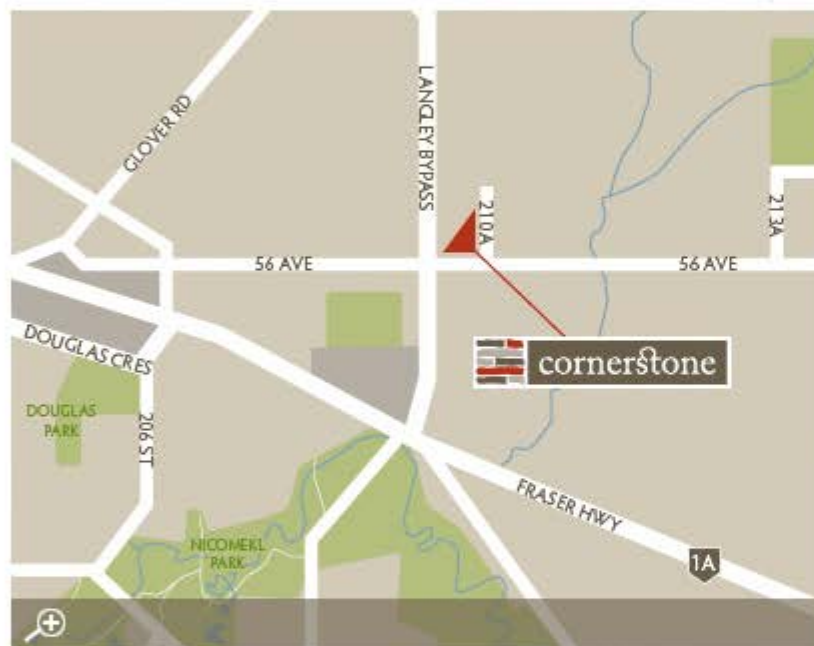

Perfectly located at the corner of 210A and 56th Avenue, Cornerstone is set back from the street on a lushly landscaped site with views of the mountains all around.

This ultra-convenient Langley address has significant amenities within walking distance — Kwantlen University, Newlands Golf and Country Club and three of the city's 40 parks.

Nearby, you'll also find some of your favourite restaurants and shops, like Earls, Browns, Willowbrook Centre, Safeway and Costco. Or take advantage of the rural setting just outside city limits and pick up produce from the roadside farm stands ... now that's fresh.

MARCON

Trusted Builder. Creating Quality Homes.

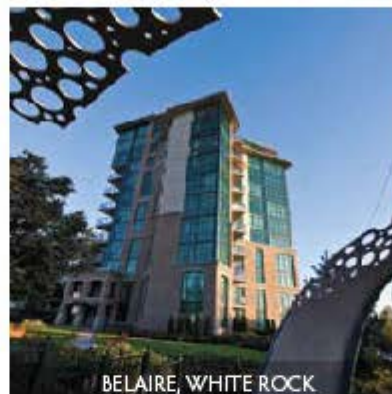

At MARCON, we've been building for over 28 years. Our efforts have produced over 8,000 homes. This has earned us a reputation as one of the most trusted builders in British Columbia.

Examples of our quality construction and dedication to detail are evident from North Vancouver to White Rock, and Cornerstone is no exception. You'll see it in the beautiful exterior stonework and inside, too, where little touches like the floating fireplaces and hand-set tile make a subtle, yet remarkable difference. But it's what you won't see—our superior rainscreen technology—that add value to our homes in the long run. Additionally, MARCON includes an after-sale Customer Care Program with every home purchase because we believe that no home owner should ever be left out in the cold.

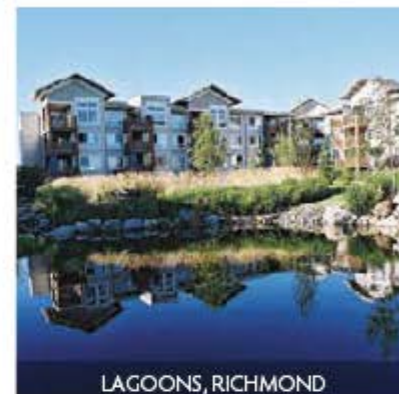

You're in good company—we are committed to creating well-built homes, and to you.

Redefining Sophisticated Living in Langley

March 19, 2014 | By

REW.ca

Langley is one of the most sought-after communities in the Lower Mainland because of its blend of urban sophistication and pastoral landscape.

The heart of Langley is where one of the most respected builders in the province, Marcon, showcases its two-building project Cornerstone. Like its predecessor, Cornerstone North is built on a grassy landscaped fully fenced and gated podium, which means all of the homes are up off the street level, so the ground-floor homes are secure and private, and have private yards.

Built to the same high standards of the first building, Cornerstone North is a selection of 124 sophisticated residences of one-, two- and two-bedroom-plus-den homes which will feature several upgrades that come standard: nine-foot ceilings, floating electric fireplaces, more natural light from the larger windows, soft-close cabinetry, 36-inch upper kitchen cabinets and side-by-side refrigerators with water and ice dispensers.

It's no wonder more than 60 per cent of the homes are already sold.

"The area here at Cornerstone is unique and well established because there's no construction around it... there's a rural feel, yet all of the urban amenities are within walking distance," says Sales Manager Brittany Reimer. "Our residents are telling us there's a real sense of community, of neighbourhood."

Cornerstone North is attracting everyone from first time home buyers to downsizers and re-starters seeking beauty and superior finishes. People who have already bought into Langley's Cornerstone are pleasantly surprised at the sophisticated Vancouver urban look and feel of the condominium residences.

"A bonus is that every home gets a corner window so each home feels like a corner suite," says Reimer.

Well respected and trusted, Marcon's trademark attention to detail is unmistakable; one need only take in the cabinetry, oversized patios or fenced yards, parking and storage locker, superior soundproofing and rainscreen technology, to know that this is a unique offering.

Not only have the Marcon team built a stellar reputation for constructing over 8,500 superior homes - 2,500 of which are in the Langley area - but more important, they are recognized for standing behind what they deliver with their superior post-purchase Customer Care program.

If the high-end finishes, location and great price aren't enough, Marcon has launched the Huge Savings for a Limited Time Only program and prices are as follows: one bedroom and den from \$184,900 (a savings of \$15,000); two bedroom from \$226,900 (a savings of \$24,000); two bedroom plus den from \$279,900 (a savings of \$50,000); and a two bedroom plus study from \$264,900 (a savings of \$63,000). Cornerstone North is truly defined by timeless elegance and homes designed for living.

Beautifully appointed new homes at such value are rare today. This is an opportunity you definitely don't want to miss. This is the final phase of Cornerstone – once these are gone, that's it!

For more information about Cornerstone North, visit www.cornerstoneliving.ca or call 604 534-6000 or sales@cornerstoneliving.ca. The Cornerstone Presentation Centre is located at 56th and 210A Street, Langley, and is open noon to 5 p.m. daily (closed Fridays).
