THE GROVE
KELOWNA

Classic architecture is combined with modern materials. Find comfort and security in homes comprised of stone pillars and HardiePlank exteriors with durable granite countertops and superior stainless steel appliances in the kitchens.

Timeless traditions in living

Respect for quality workmanship and family values leads to homes that will endure. Residences include private yards and access to a communal park. Green areas are generously spaced – we want you to live outside. With views that sweep across the Okanagan Valley, there is always a beautiful sight to breathe in.

More than you would expect

Step inside homes at The Grove to experience design that will never go out of style. Select from one of three designer themes – we know that variety and choice is important. Not only pleasing to the eye, interiors are functional for living. Durable granite countertops, tile backsplashes and superior stainless steel appliances come standard in all kitchens.

Luxurious showers and tubs call for more bathroom time. And a built-in vacuum system makes cleaning easy. This is what affordable living looks like – with quality and substance.
