WELCOME HOME.

PHASE 2 NOW SELLING

A HOME FOR THE FAMILY

We all reach that time in our lives: the moment when we're ready to settle down, plant deep roots and plan for the future.

Introducing Lotus, Willoughby Heights' newest and most distinguished residential community. The two-, three- and four-bedroom townhomes at Lotus are central, stylish and spacious. Built with a timeless architectural flair they were designed precisely for family living. That means pragmatic floorplans, fresh clean lines, impressive interiors and two-car garages.

At Lotus we've elevated the townhome concept to a higher level, piquing the interest of discerning homebuyers who demand that rare combination of taste, style and a vibrant urban pulse.

Lotus. Welcome Home.

WELCOME TO WILLOUGHBY

Willoughby Heights is one of the Township of Langley's fastest growing neighbourhoods, and for good reason. Its schools are highly rated, while its retail services are easily accessible and convenient. Add a great selection of parks, recreational facilities and restaurants and life becomes a rich tapestry of activities, all close to home.

Call Lotus home and you are minutes from Richard Bulpitt Elementary and R.E. Mountain Secondary, with Kwantlen Polytechnic just around the corner. In the mood for shopping?

Willowbrook Mall and Willoughby Town Centre are a quick commute from your front door, and if it's groceries you need, larger retailers like Real Canadian Superstore and Costco are easily reached. Plan a night on the town with the family and head to the movies, or try your luck at Cascade Casino, both just ten minutes away. And on the weekends dust off your bike and explore Willoughby Mountain Bike Park, or pack your clubs and venture to one of the three golf courses nearby.

Life at Lotus. Start Exploring.

MEET THE EXPERTS

SPEEDWAY HOMES

Lotus' fine construction is a hallmark of Speedway Homes, a Lower Mainland developer comprised of two partners who started out three decades ago working as a roofer and a framer. Thanks to their skill and business acumen the company grew quickly, lending their talents first to single family homes and more recently to multi-family developments. Their founding principles remain firmly in place: an insistence on excellent work and a tendency to listen carefully to clients' needs and desires when designing and building a new home.

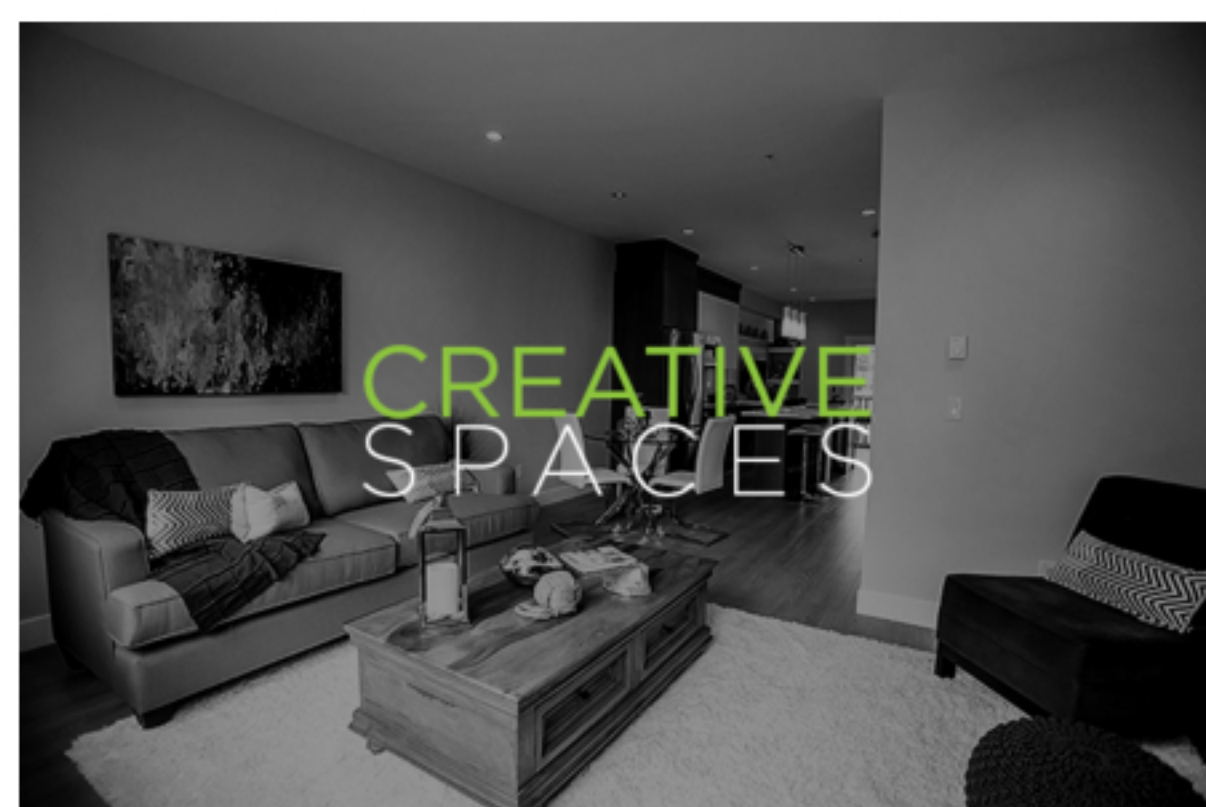

EXPERT ROOFING

The distinctive roofing design at Lotus is attributed to the thoughtfulness and workmanship of the Expert Roofing team. They have been serving the roofing needs for residential homes in the lower mainland for over 20 years. Their experienced team ensures that every job is inspected to meet the highest standards in the industry.

CREATIVE SPACES

Before being transformed into attractive, warm homes, those four walls require a skilled, artistic eye. Creative Spaces was selected to do precisely this at Lotus. With years of interior design experience owner and designer Janet Hardy's experience encompasses the design of hotels, retail and residential developments vision. Her vision at Lotus was interiors that were organic, streamlined, elegant and contemporary, with innovative upgrades seldom seen in competing developments.

OAKWYN MARKETING

To pave the way for sales of the homes at Lotus, Speedway partnered with OAKWYN MARKETING, a Vancouver-based company that specializes in real estate sales and marketing, and has been involved in the development of over \$1 billion worth of real estate. OAKWYN's experience ranges from townhomes to master-planned communities. Leveraging its team members' knowledge and experiences, OAKWYN helps buyers make informed decisions and optimizes sales for its clients.
