

ABOUT

Milano, a brilliant symphony of concrete and glass, is striking in its simplistic, yet sophisticated architectural design. Its exterior details, such as its stacked rhythm of columns down the length of the building, create the perfect dialogue between the building and its natural surroundings. While it's grand, three storey lobby with gorgeous artwork and a striking water feature creates a dramatic sense of arrival and sets an underlying tone of opulence and grandeur.

INTERIORS

Inspired by the famous design capitals of the world, Milano interiors boast rich details, modern lines, and exceptional quality. The Italian designed kitchen is the jewel of each residence, and is sure to be the center of attention and activity with its functional layout, gorgeous finishes and stainless steel European appliances. The custom kitchen island, included in most homes, features a convenient, extendable dining table which can be neatly tucked away when not in use. Imported, sliding glass panel doors in select homes offer a distinctive, design detail for multi-functional living. Warm, laminate wood flooring in the main living areas lend both to an old world feel and a modern aesthetic. These contemporary, cutting-edge details and functional features make Milano the perfect residence for those seeking a stylish abode and comfortable living.

SOLTERRA

QUALITY IN ALL THINGS

Over the past 15 years, the team at Solterra has been involved in the successful development of many amazing multi-residential communities throughout the Lower Mainland, including in downtown Vancouver, Surrey, Langley, Abbotsford, Squamish, and now Burnaby.

Solterra understands the importance of a "home" and prides itself on creating residences that feature exceptional design, solid construction and quality finishes. From building townhomes, mid-rise apartment buildings to concrete high rise towers, Solterra's development background is extensive and varied. And with over 70 prestigious awards, both provincially and nationally, Solterra is recognized leader in the real estate industry.
