LIVING AREA

- Modern interiors were designed by False Creek Design Group
- Contemporary laminate wood flooring can be found in all living areas
- 40 oz. nylon-cut pile carpet is in all bedrooms
- Polished chrome hardware throughout
- CAT5e cable built into all living, bedroom and den areas
- Penthouses feature air-conditioning

BATH

- Wood-grained cabinets with under-mounted sink over a large drawer for convenient storage
- Easy-to-clean Caesar Stone counter tops
- Low-consumption dual-flush European-style toilet
- Master bathrooms feature tiled walls around the shower, vanity and behind the toilet
- Bathroom showers have large sliding glass doors equipped with unique rolling hardware for smooth opening and closing

AMENITIES

- Rooftop terrace and shared area for barbeque
- Lounge and meeting area are available to residents to book private events and dinners
- Gym is fully equipped with a variety of cardio machines, weight machines and free weights

SUSTAINABILITY

- Appliances are ENERGY STAR certified, reduce energy consumption
- Recycling room is in the building
- Every suite features a Central Recirculation Ventilator (CRV)
- Motion activated lights are in all common areas and the parkade
- Building meets all of the latest ASHRAE sustainability standards
- Storm water retention reduces flow to local water bodies in storm events
- All showerheads, faucet aerators and toilets feature water-efficient designs
- Native plant species are used in landscape design to minimize water requirements
- Only low-emitting/low-VOC products, such as paints, carpets, sealants and adhesives, are used in building construction
- Building comes with four charging stalls for electric cars with an additional 30 more to come

SAFETY AND SECURITY

- Fob restricted access can be found in parkade, common areas and all building entrances
- All homes are backed by 2/5/10 year coverage plans from the Travelers Guarantee Company of Canada

BAZINGA

- An easy-to-use cloud-based network that keeps The Burquitlam Capital community connected to building management and other residents
- The Bazinga social media program connects all residents in the building through one easy-to-use app
- Residents get online access to news and updates from the property manager
- Bazinga allows you to:
 - Book common areas
 - Comment on community message boards
 - Organize building events, like a barbeque or running club
 - Access home owners' manual
 - Get updates from the strata council
 - Stay up to date on the latest bylaws
