CRAFTED WITH INTENTION

WOODLAND PARK'S ARCHITECTURE IS RIGHT AT HOME IN THE WOODS.

Inspired by the forests of the nearby Yorkson Creek trails and ravine, these Craftsman-style homes bring the great outdoors in with rich earthy tones, cedar shingle accents and other woodsy details. Built with the modern family in mind, the main floor's open-concept design lets you move freely and make the most of every last square foot. Furnished with a premium appliance package and plenty of counter space, the kitchen is the perfect spot for Sunday night lunch-making, a quick dinner before soccer practice or a weekend baking project.

MADE FOR REAL LIVING

AT WOODLAND PARK, YOUR HOME AND ESCAPE ARE ONE AND THE SAME.

Take root in a community that's as rough and refined as you. With private green space, including a children's play area in your backyard, and the Yorkson Creek trail system just beyond, there's plenty of room for you, the family and your four-legged friends to stretch your legs. Woodland Park's central location puts shops, restaurants and schools within walking distance and key driving and transit routes within easy reach.
