INTRODUCTION

Summit was designed with serious wow factor: rooftop patios (hot tub strongly recommended), jaw-dropping views (hello mountains!), and ridiculously large kitchens (you had us at wine fridge).

These 3+ bedroom townhomes set a new standard for living in high style. After work, you can kick back on the roof patio and drink in your views. Party-sized kitchens feature wine fridges, pantries, and gas cooktops. Ensuites have double vanities, because love doesn't mean sharing everything. And split-level living gives everyone in the family their personal space.

Did we mention stunning modern architecture, 11-foot ceilings, and flex rooms? Or that Summit starts from the low \$600's. So why don't you go ahead and start shopping for patio furniture?

THE COMMUNITY

Close to the essentials of modern life: pulled pork sandwiches, basil grapefruit martinis, and caramel macchiatos.

Need an emergency avocado? Safeway is just around the corner. Spontaneous date night? Walk to Browns Social House. Comfort in the form of beer-battered garlic fries? Big Ridge Brew Pub is your local. Central to major roadways, Summit is also just a few minutes' drive from schools, shopping centres, golf courses, parks, and the nature trails that meander through Serpentine Fens.

HOVER TO INTERACT

The Kitchen Everyone Craves.

With a full pantry and wine fridge, you'll always be stocked up on important provisions—ready for an impromptu party or the friends that tag along to family dinners. Guests can take a seat at the island and admire your pizza dough tossing technique. After the gas cooktop has made your fajitas sizzle, the hood fan clears the smoke like magic. Your kitchen makes them drool even before you bring out the appies.
