

Apex Custom Homes Ltd. has worked hard to earn its reputation as a leader in the industry. Our homes are an exquisite integration of innovation and classic design built in an environmentally friendly manner. Attention to detail and hands on involvement throughout the building process is our way of ensuring your home is built to exacting standards. We are passionate about applying this same mindset of excellence into our Customer Care. [Click below for more information on Apex, the builder/developer.](#)

Features and Finishes

The Ideal Setting

- Preserved natural areas and backing onto community park.
- A Community within a Community. Multiple play areas throughout the Brooks create convenient places for children to play and make new friends.
- The Amenity area and building can be converted to an on-site daycare facility.

Saving Energy and Money

- Your home at the Brooks was Built Green under the EnerGuide Rating Services Initiative, which means you save more than 25% in utility bills and you qualify for up to 10% off your mortgage insurance fees.

We went the extra mile

- Say goodbye to drafty spaces and cold showers. Enjoy the warmth of radiant heat and efficient hot water system.
- Low E windows to keep you warmer in winter and cooler in the summer.
- Silent and strong concrete floor reduces squeaks and noise between floors.
- Low maintenance and durable exterior cladding and fiberglass shingles.

Ahhh...The Good Life

- Oversized windows create grand open spaces filled with light.
- Indulge your culinary cravings in Master Chef designed kitchens equipped with large work Islands,
- Unwind and seek solace in beautiful bathrooms featuring large showers, equipped with single-lever pressure balanced controls.
- California Style Closets
- Entertainment sized covered decks and patios for family barbeques.
