Overview

From the moment you step foot in the lobby, you'll know you are in a special, natural place. We've defined West Coast Contemporary style with natural stone floors and fireplace, warm wood paneling and original BC nature photography. Each individual residence at Trillium is carefully appointed, and your large outdoor deck, spacious patio or private yard allows you to soak in the sights, smells and sounds of the lush landscaping and surrounding woods. Contemporary kitchen and bathroom feature cherry or maple inspired cabinetry, halogen track lights, and of course, energy-efficient appliances.

Trillium at Silver Springs has been planned to provide you with the balance you seek. With everything from the Cascade club, featuring 5,000 square feet of resort style amenities, to the Coquitlam Centre just down the street. For golf, head to the prestigious Westwood Plateau Golf & Country Club right around the corner, or to get downtown ride in comfort on the West Coast Express, you are never far away from right where you want to be.
