A home at The Towne is more than just a townhome.

Designed for families with a modern, active schedule, each home features spacious interiors, quality finishes, side-by-side garages and both indoor and outdoor natural gas features. Here you can experience the feel of single-family living, including the luxury and space, without the higher cost of ownership and extensive maintenance.

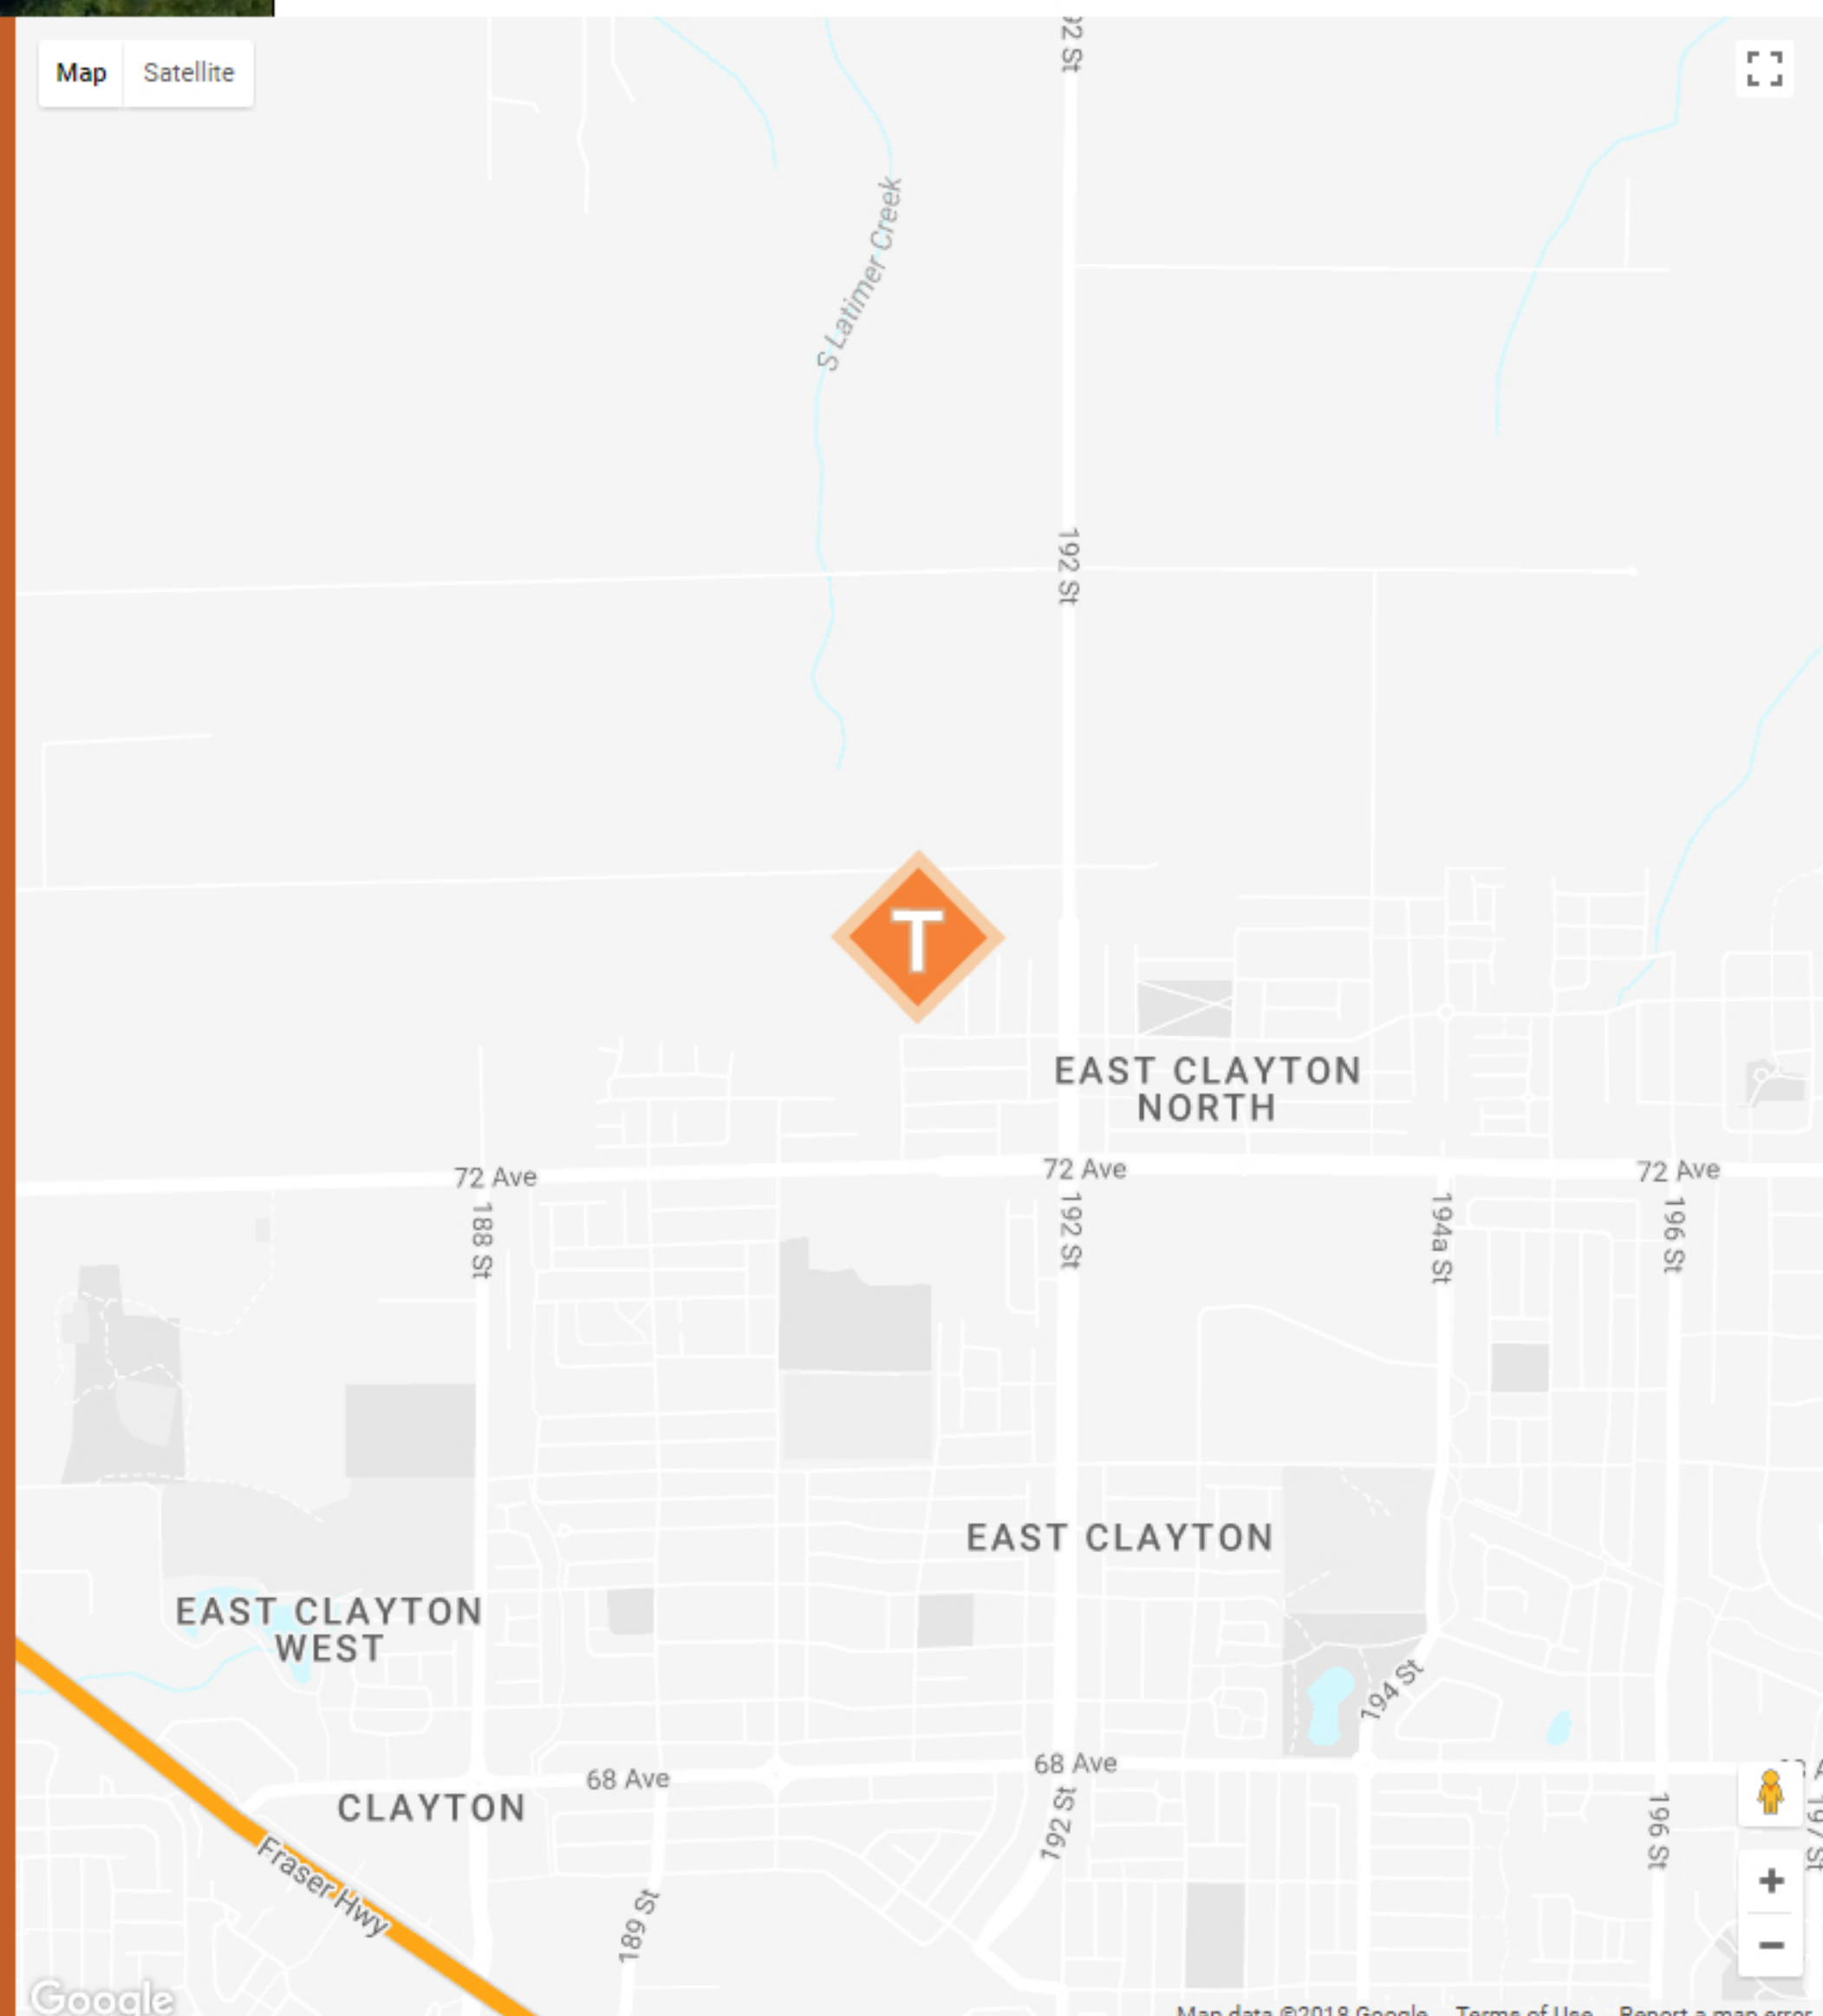

Be among just 27 families to own one of these stylish homes, which blend harmoniously into the well-established East Clayton community and its surrounding beauty. From The Towne, it's just a short stroll to groceries, eateries and childcare, with the convenience of public transit. Schools, shopping and transport routes are also only minutes away.

There's a world of difference at The Towne.

Your Community

Surrounded by family homes, sheltered by mature trees, and set back from 192 Street, The Towne enjoys a world of its own. The Towne is ideally located for conveniences, including Clayton Crossing, Hillcrest Village and Willowbrook Mall, as well as big box stores and family dining. Langley's esteemed Events Centre is also minutes away, as well as several parks and playgrounds right in East Clayton.

Combined Expertise

The highly experienced teams here at Essence Properties and Legendary Developments have come together to develop The Towne at East Clayton. Collaborating to combine our expertise in building homes for modern BC families with a keen acumen for property development, we bring you The Towne.

Our vision for The Towne is to create homes that provide "a world of difference" compared with a typical townhome offering, including features normally reserved for single-family homes and upgrades at a value that exceeds price. With The Towne, we feel we have achieved these aims, presenting an altogether brand new offering to East Clayton and to BC.
