Brydon Projects
(The Terraces 3) Ltd.

About Brydon Projects

Brydon Projects is founded on over 25 years of expertise in the real estate, framing, plumbing, and construction industries. Their story began when the creative minds behind Aman Plumbing, Avatar Saran, and Friendly Construction, Kulvir Thandi, bonded over their passion for architecture and construction in creating functional and modern design. Shortly thereafter, they reached out to their most dedicated industry colleagues to come together to create quality homes across the Lower Mainland. As such, Brydon Projects was formed—a development company that lives and breathes excellence in affording a architectural design. Together they have created projects ranging from affordable single family homes, to entire duplexes and townhouse developments. The future is looking bright for Brydon Projects.

Don't miss your opportunity to experience a Brydon Project today; register now for a chance to own one of the stunning homes featured in The Terraces Three in Langley, British Columbia.
