## West End Rental Living

The story begins in the West End. There is a sense of theatre, where a westward sun bleaches the time-worn canopies and slivers of new projects add to the landscape.

The story reveals itself when architecture begins to talk to the outside. And the conversations become more elaborate. It's about extending the vocabulary of architecture and urbanism into a lifestyle that can only be found in the West End. West End Rental Living is to realize one's nature perfectly.
