A COMMITMENT TO BUILDING

EXCEPTIONAL HOMES

ENRICH DEVELOPMENTS

Homes should be built to last generations. At Enrich Developments, this principle guides each and every residential project. Our foundations building single-family homes established a keen sense of what it means to deliver quality and craftsmanship. Now, as a multi-family developer, we continue to create outstanding homes to meet the unique needs of families and contribute to community.

GBL ARCHITECTS

At GBL, we believe that success in form isn't simply defined by a strength to endure, but through an ability to surprise over time. We design with the belief that form plays a vital role in defining experience through an ever changing dynamic between sculptural artistry and social responsibility. We're inspired by the wondrous potential of our cities, communities and people.

ID LAB

I.D. Lab Inc is a Vancouver based interior design firm specializing in multi unit residential design. They have a diverse base of clients and a large portfolio of successful multi family projects providing service that is consistently responsive and resourceful. They are well known for their ability to understand a client's vision and needs to deliver truly effective design solutions.

ROBIN FU PREC TEAM

Robin Fu PREC Team is a commercial real estate firm based in the Lower Mainland and the team relies on the expertise, knowledge, and experience of our members to generate creative solutions for our clients. With members having expertise in a variety of areas including design, marketing, branding, and networking. Our team strives to become a trusted and reliable name in commercial real estate.

DRACCO PACIFIC REALTY

At Dracco Marketing our ambition is to emulate the passion and diligence that our clients have invested in their projects in order to achieve the results they desire. Our strength lies in our ability to connect with consumers, a skill that has been cultivated over the last decade in the real estate industry. When you combine that with our un-paralleled focus and drive, you will quickly see why we are capable of selling any project.
