

Shaw Ave

📍 600 Shaw Avenue, Coquitlam, BC

Kingswood is proud to introduce Shaw Ave; a modern and thoughtful 6 storey apartment building consisting of 197 well appointed dwelling units spread across two carefully planned buildings. The development will include not only a mixture of 1,2 and 3 bedroom units but will also include accessible, adaptable and universal options for all different housing needs. Special attention was given to the generous amenity programming to include interior and exterior spaces with specific areas for entertainment and reflection. Units layouts and appliances were designed for long term robust use while still providing contemporary color palettes and finishes to appeal to all market needs. The Shaw Ave project will address the growing needs for affordable housing in Coquitlam by providing classic, modern elegance with careful consideration for all users.

Key Highlights of Project

- Located in the Burquitlam area
- 10,602 sf of amenity spaces (interior and exterior)
- 197 dwelling units across 2 buildings
