REFINED CRAFTSMANSHIP

Beautifully appointed four-bedroom, three-bathroom executive homes boast open-concept living with bedrooms upstairs. A second design offers three bedrooms, three baths and a large bonus room, plus a walk-out basement. With a finished area of 2,200 to 2,500 square feet, plus covered patios and generous yards, you'll have space for your family today, and tomorrow. Add the spacious unfinished basement and the homes jump to 3,200 to 3,700 sq.ft. with the potential for a rec room, teen space or even a suite for mom, with revenue potential. Westbow's designers have created multiple stunning floor plans to choose from. Each home at Elk Creek Estates has exterior characteristics that makes each home as unique as your family

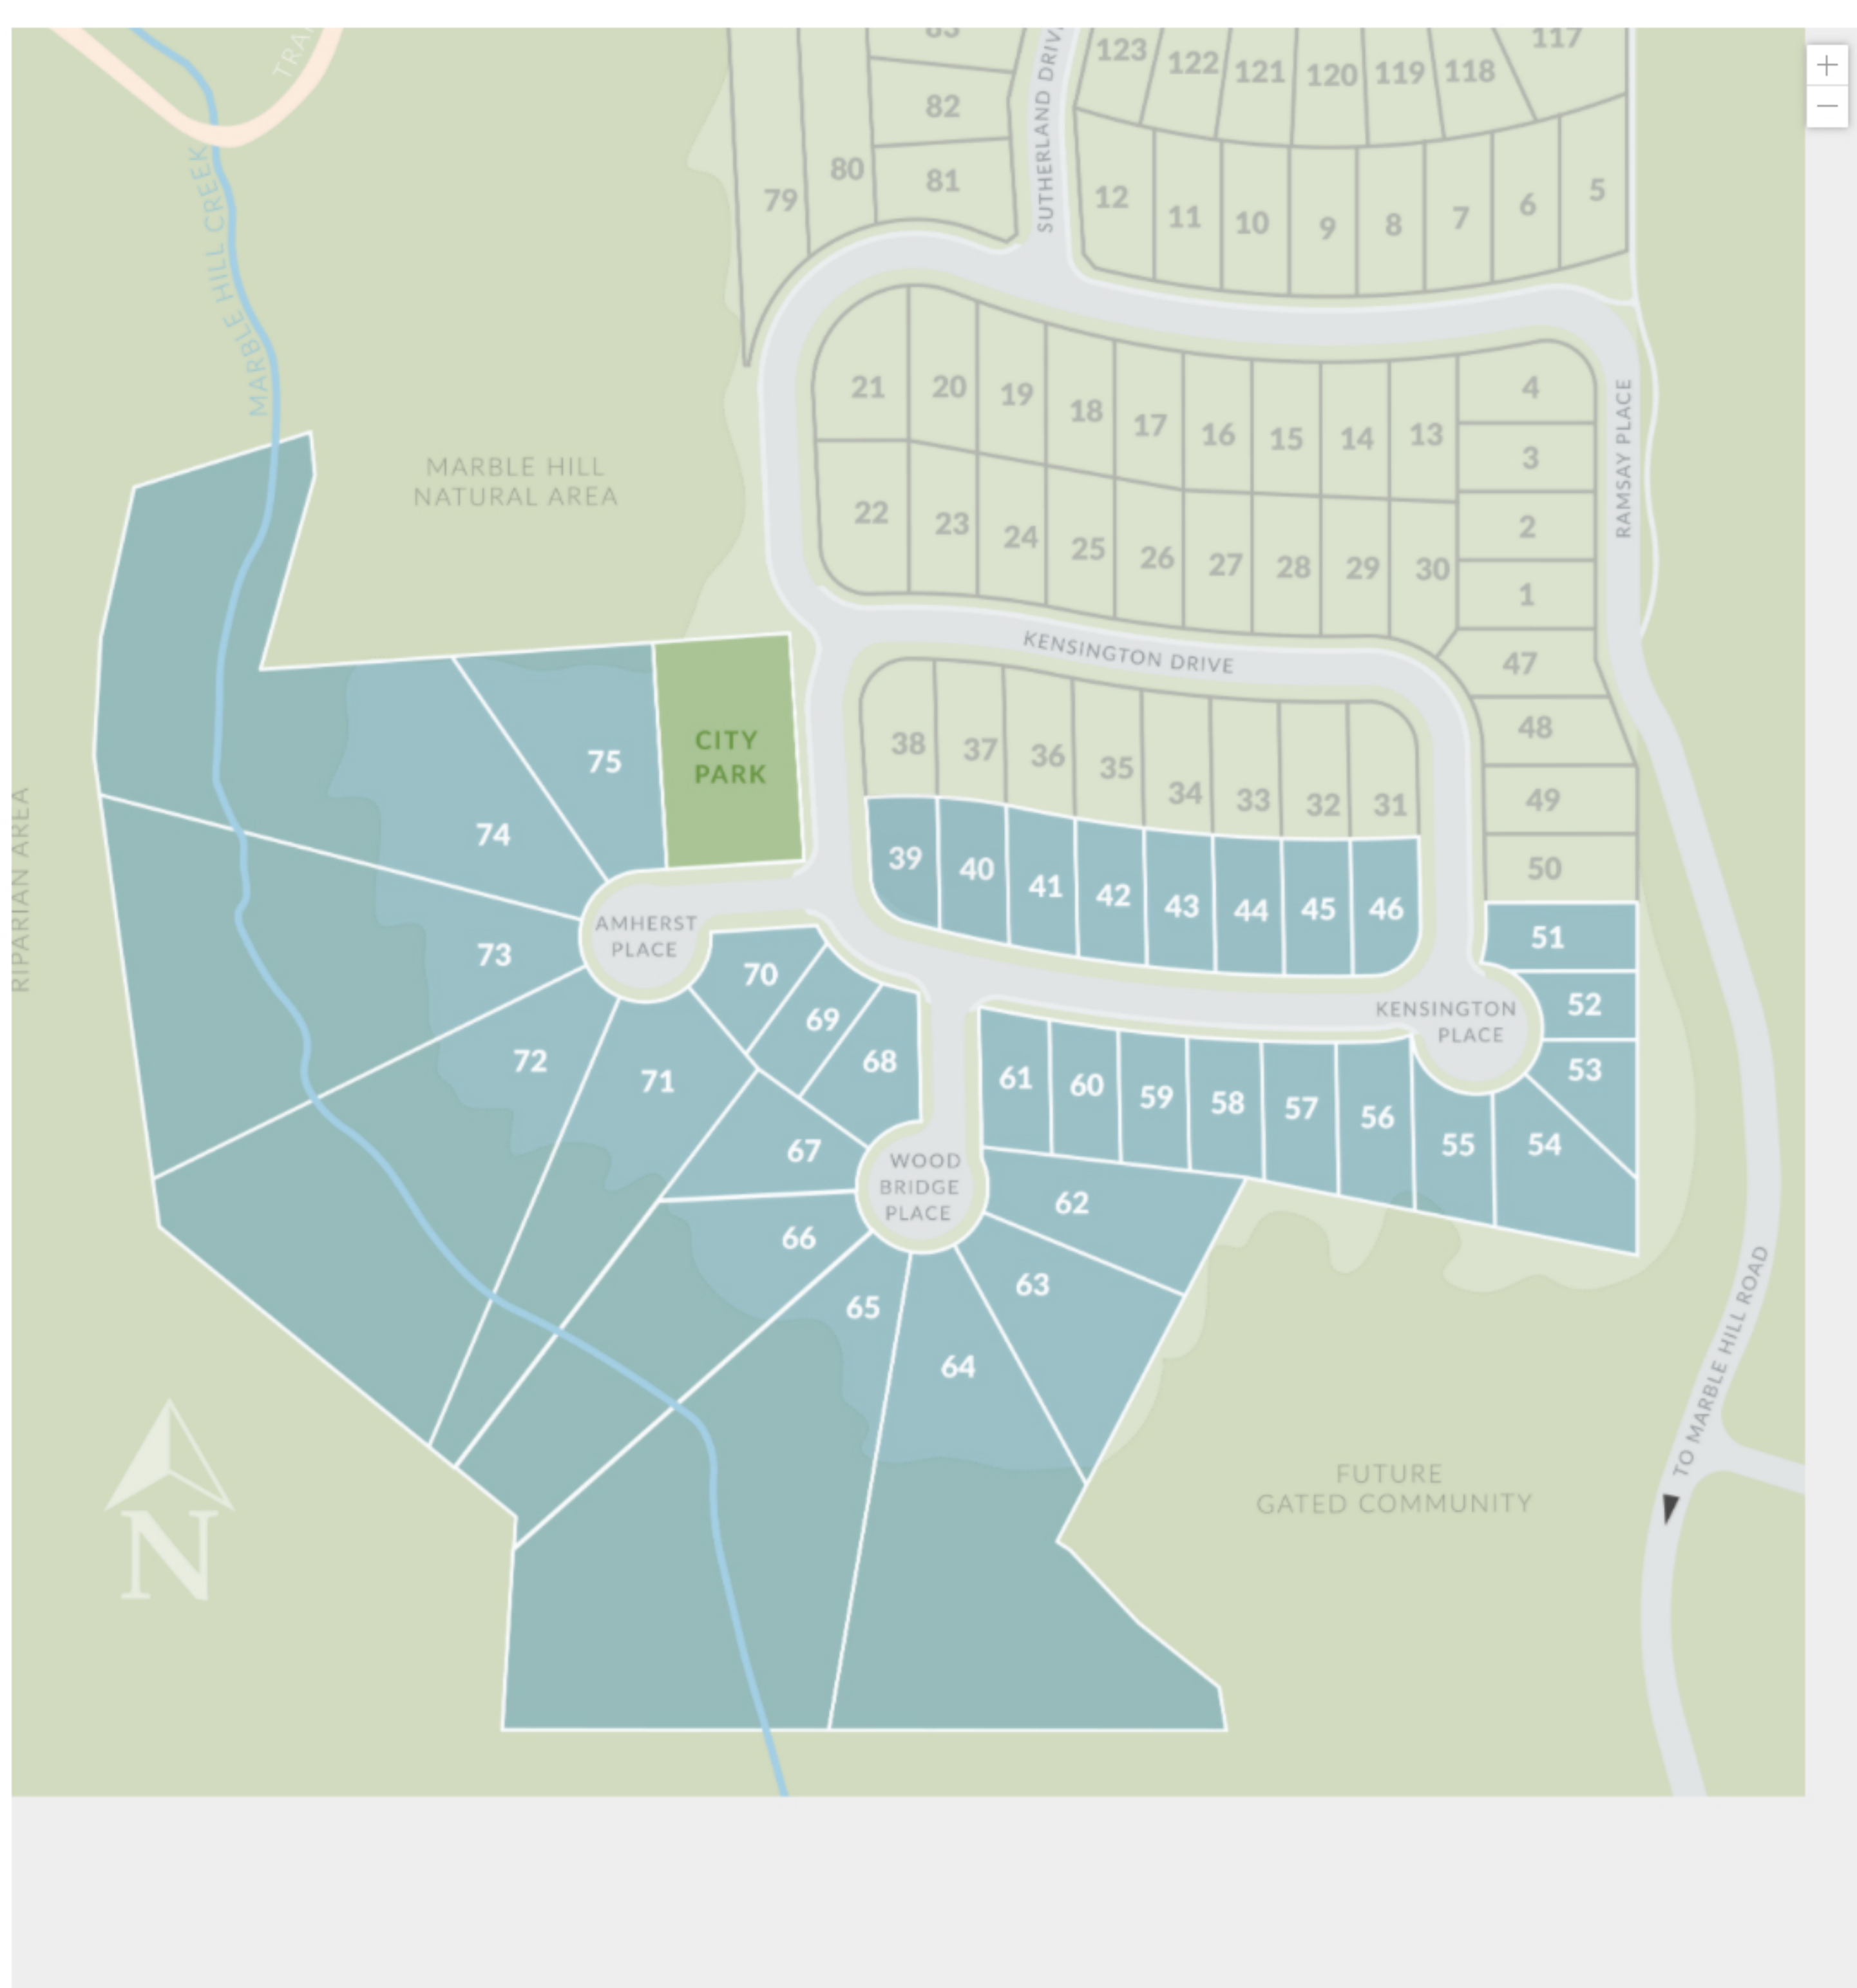

Eastern Hillside

The Eastern Hillside is the perfect location for those who want the serenity of nature, along with a vibrant community life. This neighbourhood houses many like minded families who are seeking a peaceful, scenic place to reside and live comfortably.

The Eastern Hillside is not without its own adventuring options, such as the "Community Trails Park" for a casual stroll in the mountain woods, or the "Gloria Peak" hike for panoramic view of the entire Fraser Valley
