WILLIAMS
LIVING

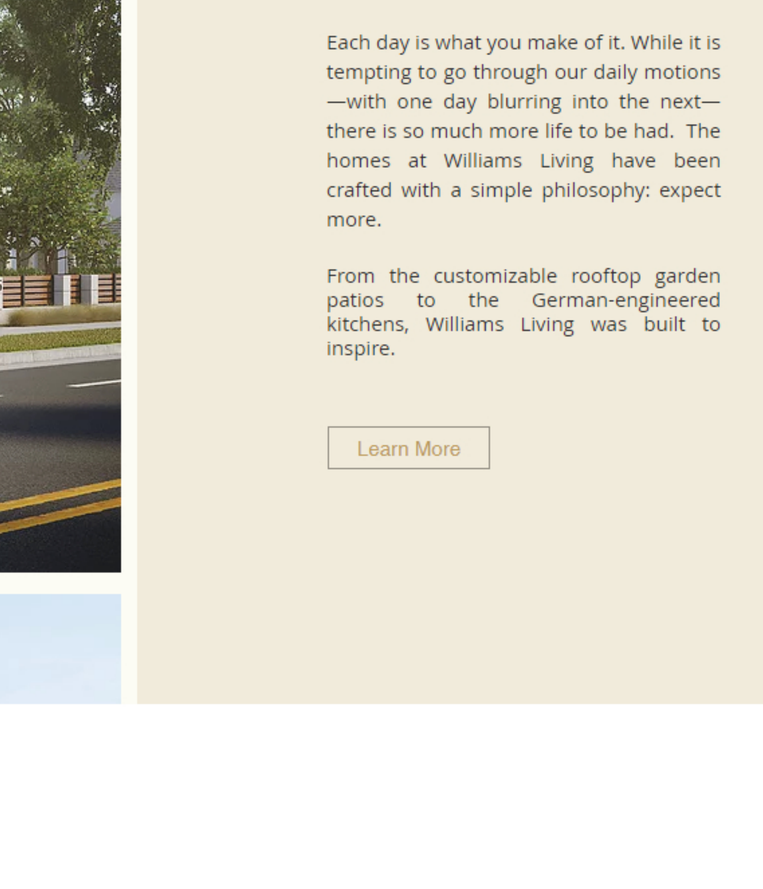

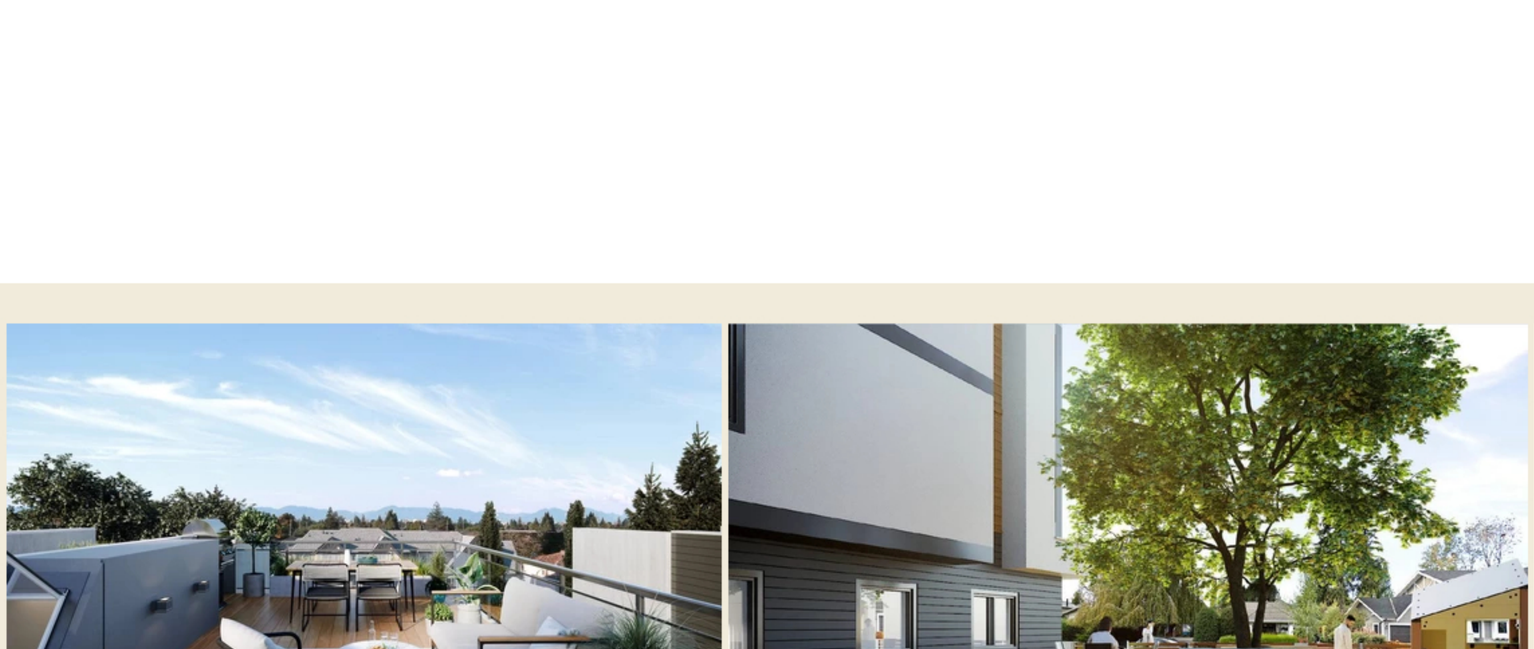

MODERN HOMES THAT INSPIRE

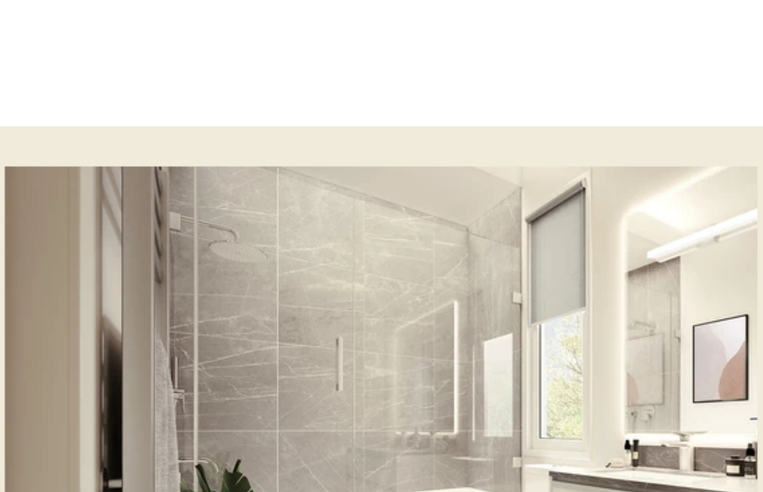

Each day is what you make of it. While it is tempting to go through our daily motions —with one day blurring into the next— there is so much more life to be had. The homes at Williams Living have been crafted with a simple philosophy: expect more.

From the customizable rooftop garden patios to the German-engineered kitchens, Williams Living was built to inspire.

The homes at Williams Living have been crafted with a simple philosophy; expect more. From the customizable rooftop garden patios to the German-engineered kitchens, Williams Living was built to inspire.

AN ELEVATED LIFE STARTS AT HOME

MODERN HOMES THAT INSPIRE

Each day is what you make of it. While it is tempting to go through our daily motions — with one day blurring into the next — there is so much more life to be had. The homes at Williams Living have been crafted with a simple philosophy: expect more.

From the customizable rooftop garden patios to the German-engineered kitchens, Williams Living was built to inspire.

A COMMUNITY WITHIN

Get to know your neighbours while relaxing on the lavish 1,200 square foot communal rooftop garden. Whether you're a first time resident or seek new friendships, swap recipes and stretch your legs in this shared outdoor space.

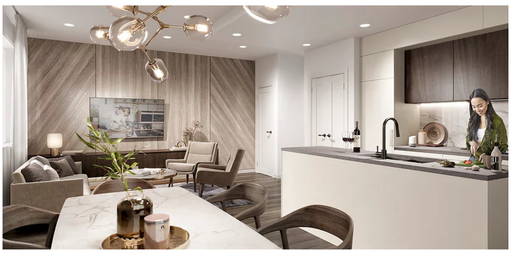

YOUR KITCHEN, ELEVATED

At Williams Living, the kitchens have been thoughtfully tailored to surpass expectations. By combining sophisticated design and elevated functionality by Bauformat, the elevated quality of the kitchens is palpable. A sleek, clean-lined look is achieved by custom cabinetry which conceals the refrigerator door from view.

Bauformat specializes in European kitchen design, using premium quality materials to achieve a modern and integrated design aesthetic.

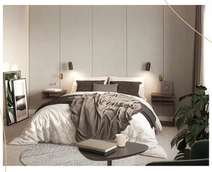

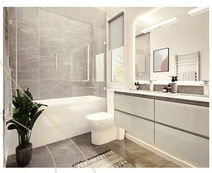

LOUNGEWEAR REQUIRED

The living area features an open format layout carefully engineered to create a seamless flow throughout the homes. Creative storage solutions have been implemented to reduce clutter, so that your surfaces stay clear, organized, and photo-ready.

Master ensuites feature double vanities, glass enclosed showers, and natural stone finishes, which come standard at Limelight in these spa-inspired bathrooms.

Retreat to your personal sanctuary where large windows flood the bedroom with light (and your space and lift your mood. Breathe deeply.)

* Towel warmer not included

FEATURES AT WILLIAMS LIVING

German designed and crafted Bauformat kitchens make luxury in every corner of this kitchen. Feel the difference of German design in each pull, making every moment elevated.

Cooktops exceed expectations with the highest quality materials and construction, along with innovative features such as integrated wok support for their natural gas cooktops.

Porter and Charles built in ovens make life easy with multiple cooking options, self-cleaning settings, and easy to use digital display to create a seamless cooking experience.

Liebherr refrigeration and freezing systems have the mark of quality, reliability, and longevity that has lasted decades. German designed innovative technologies and high-quality materials make these refrigerators a step above the rest.

Laundry is made easy with these smart, wi-fi connected washer and dryer systems. With innovative features such as smart phone control, steam clean, and six different cycles, spend less time completing daily laundry and more time making memories.

Access your private roof top patio without the hassle. A sophisticated automatic door allows you to reach your sanctuary, hands-free.

Manage your household through Google Home by controlling your smart appliances, creating reminders, and playing music throughout your home. Never worry about forgetting your keys again with the Nest x Yale Lock.
