WEMBLEY
CROSSING

YOUR NEW NEIGHBOURHOOD

It's time for you to live the life you have been waiting for. Own a new custom-built home in the peaceful Wembley Crossing community of Parksville on Vancouver Island. Wembley Crossing has lifestyle in mind with an ideal location combining coastal living and urban conveniences from amenities and shopping only a two-minute walk away to sand beaches, Foster Park and nature trails only a short walk away.

Now selling 63 fully serviced building lots for homes with modern finishing with traditional architecture.

Register Now

Basking in sunshine on the east coast of Vancouver Island, Parksville is a community within Oceanside; one of the finest year-round vacation destinations in Canada that many call 'beach country.' Boasting spectacular sandy beaches, coastal mountain vistas, and lush temperate forests, Oceanside enjoys the mildest climate in the country.

The region is conveniently situated for your Vancouver Island vacation on the island's curving eastern flank, a half-hour north of the ferry terminal in Nanaimo and a little over two hours from Victoria. Cruise here in comfort aboard British Columbia's ferry system across the Strait of Georgia from Vancouver or hop aboard an airplane for flights into Qualicum Beach, Nanaimo and Comox; absolutely breathtaking.

A discovery-filled lifestyle awaits you in Parksville ... ready to build custom homes with master on main and double-car garages.

ABOUT TIEN SHER

As a fully integrated real estate development company, we oversee acquisition, planning, community engagement, design, construction, marketing, sales and customer care of a broad spectrum of residential developments where our guiding principle is that every community matters.

From very humble beginnings nearly two decades ago, we have built and developed multi-million-dollar projects throughout Vancouver's Lower Mainland that include New Westminster, North Vancouver, Surrey and Richmond as well as on Vancouver Island. From sweeping master-planned neighbourhoods to boutique townhome collections and vibrant mixed-use developments, we create innovative communities that respond to the needs of homeowners and give back to the neighbourhoods at large.
