

SHEFFIELD

Single Family View Homes
Coming Soon to Burke Mountain, Coquitlam

Like precious jewels, the homes at SHEFFIELD are quite rare, a collection of only 30 gems.

The 3300-3800 sq.ft. single family homes are built to take in the panoramic views.
This highly sought-after neighbourhood will be available for sale early 2022 with move-in dates in 2022-2023.

The Morningstar/Burke Mountain story began years ago as we pioneered our first single family home neighbourhood that quickly grew to 10 communities of distinction built on our reputation, experience and expertise of over 20 years.

SHEFFIELD, will be a culmination of everything Morningstar has achieved over the years and will be the crown jewel of our heritage on Burke Mountain with breathtaking panoramic views of Pitt River and Mount Baker.

Beautiful open concept floor plans combine both luxury & modern living style. Main level offers great room, gourmet-style kitchen, pantry or optional spice kitchen, and office/den. Upstairs features a luxurious master bedroom and sitting room with spa-like ensuite plus two more ample sized bedrooms and a full bath. Downstairs includes a spacious media/recreation area, bedroom & full bath or choose an optional one bedroom legal suite with private entrance..

Live within nature's playground with access to dozens of family-friendly parks and playgrounds, extensive hiking trails, streams, and Pinecone Burke Provincial Park.

There's a lot new happening here including coffee shops, drug stores, medical offices, new schools and future Village Centre with much more to come. The public library, aquatic complex, Millennium Line SkyTrain, and Coquitlam Centre are only a short 5 minute drive away.

We invite you to register today and start planning for your next move!
