

CHURCH ROAD

The protection of natural features and the mitigation of environmental impacts are of primary importance during this development process. To mitigate environmental impacts, an Environmental Protection Plan has identified specific plans and procedures that will be adhered to throughout the process of construction and is being overseen by an Environmental Monitor.

If you are from the area or interested in this development we would love to hear from you! Contact us below with your comments, questions, and feedback.

July 14, 2021

A detailed tree survey was performed on the week of July 2 to determine the trees that are to be saved.

An environmental consultant performed an audit of the site to determine what, if any, bird nests was present. No bird nests were found.

The first phase of our construction program has started with clearing and grubbing of the brushes on site.

Starting July 19, Tree falling will commence.

In the coming weeks, site grading will occur with excess soils moving off-site.
