ADVANCE PREVIEW KIT

What makes a place captivating?

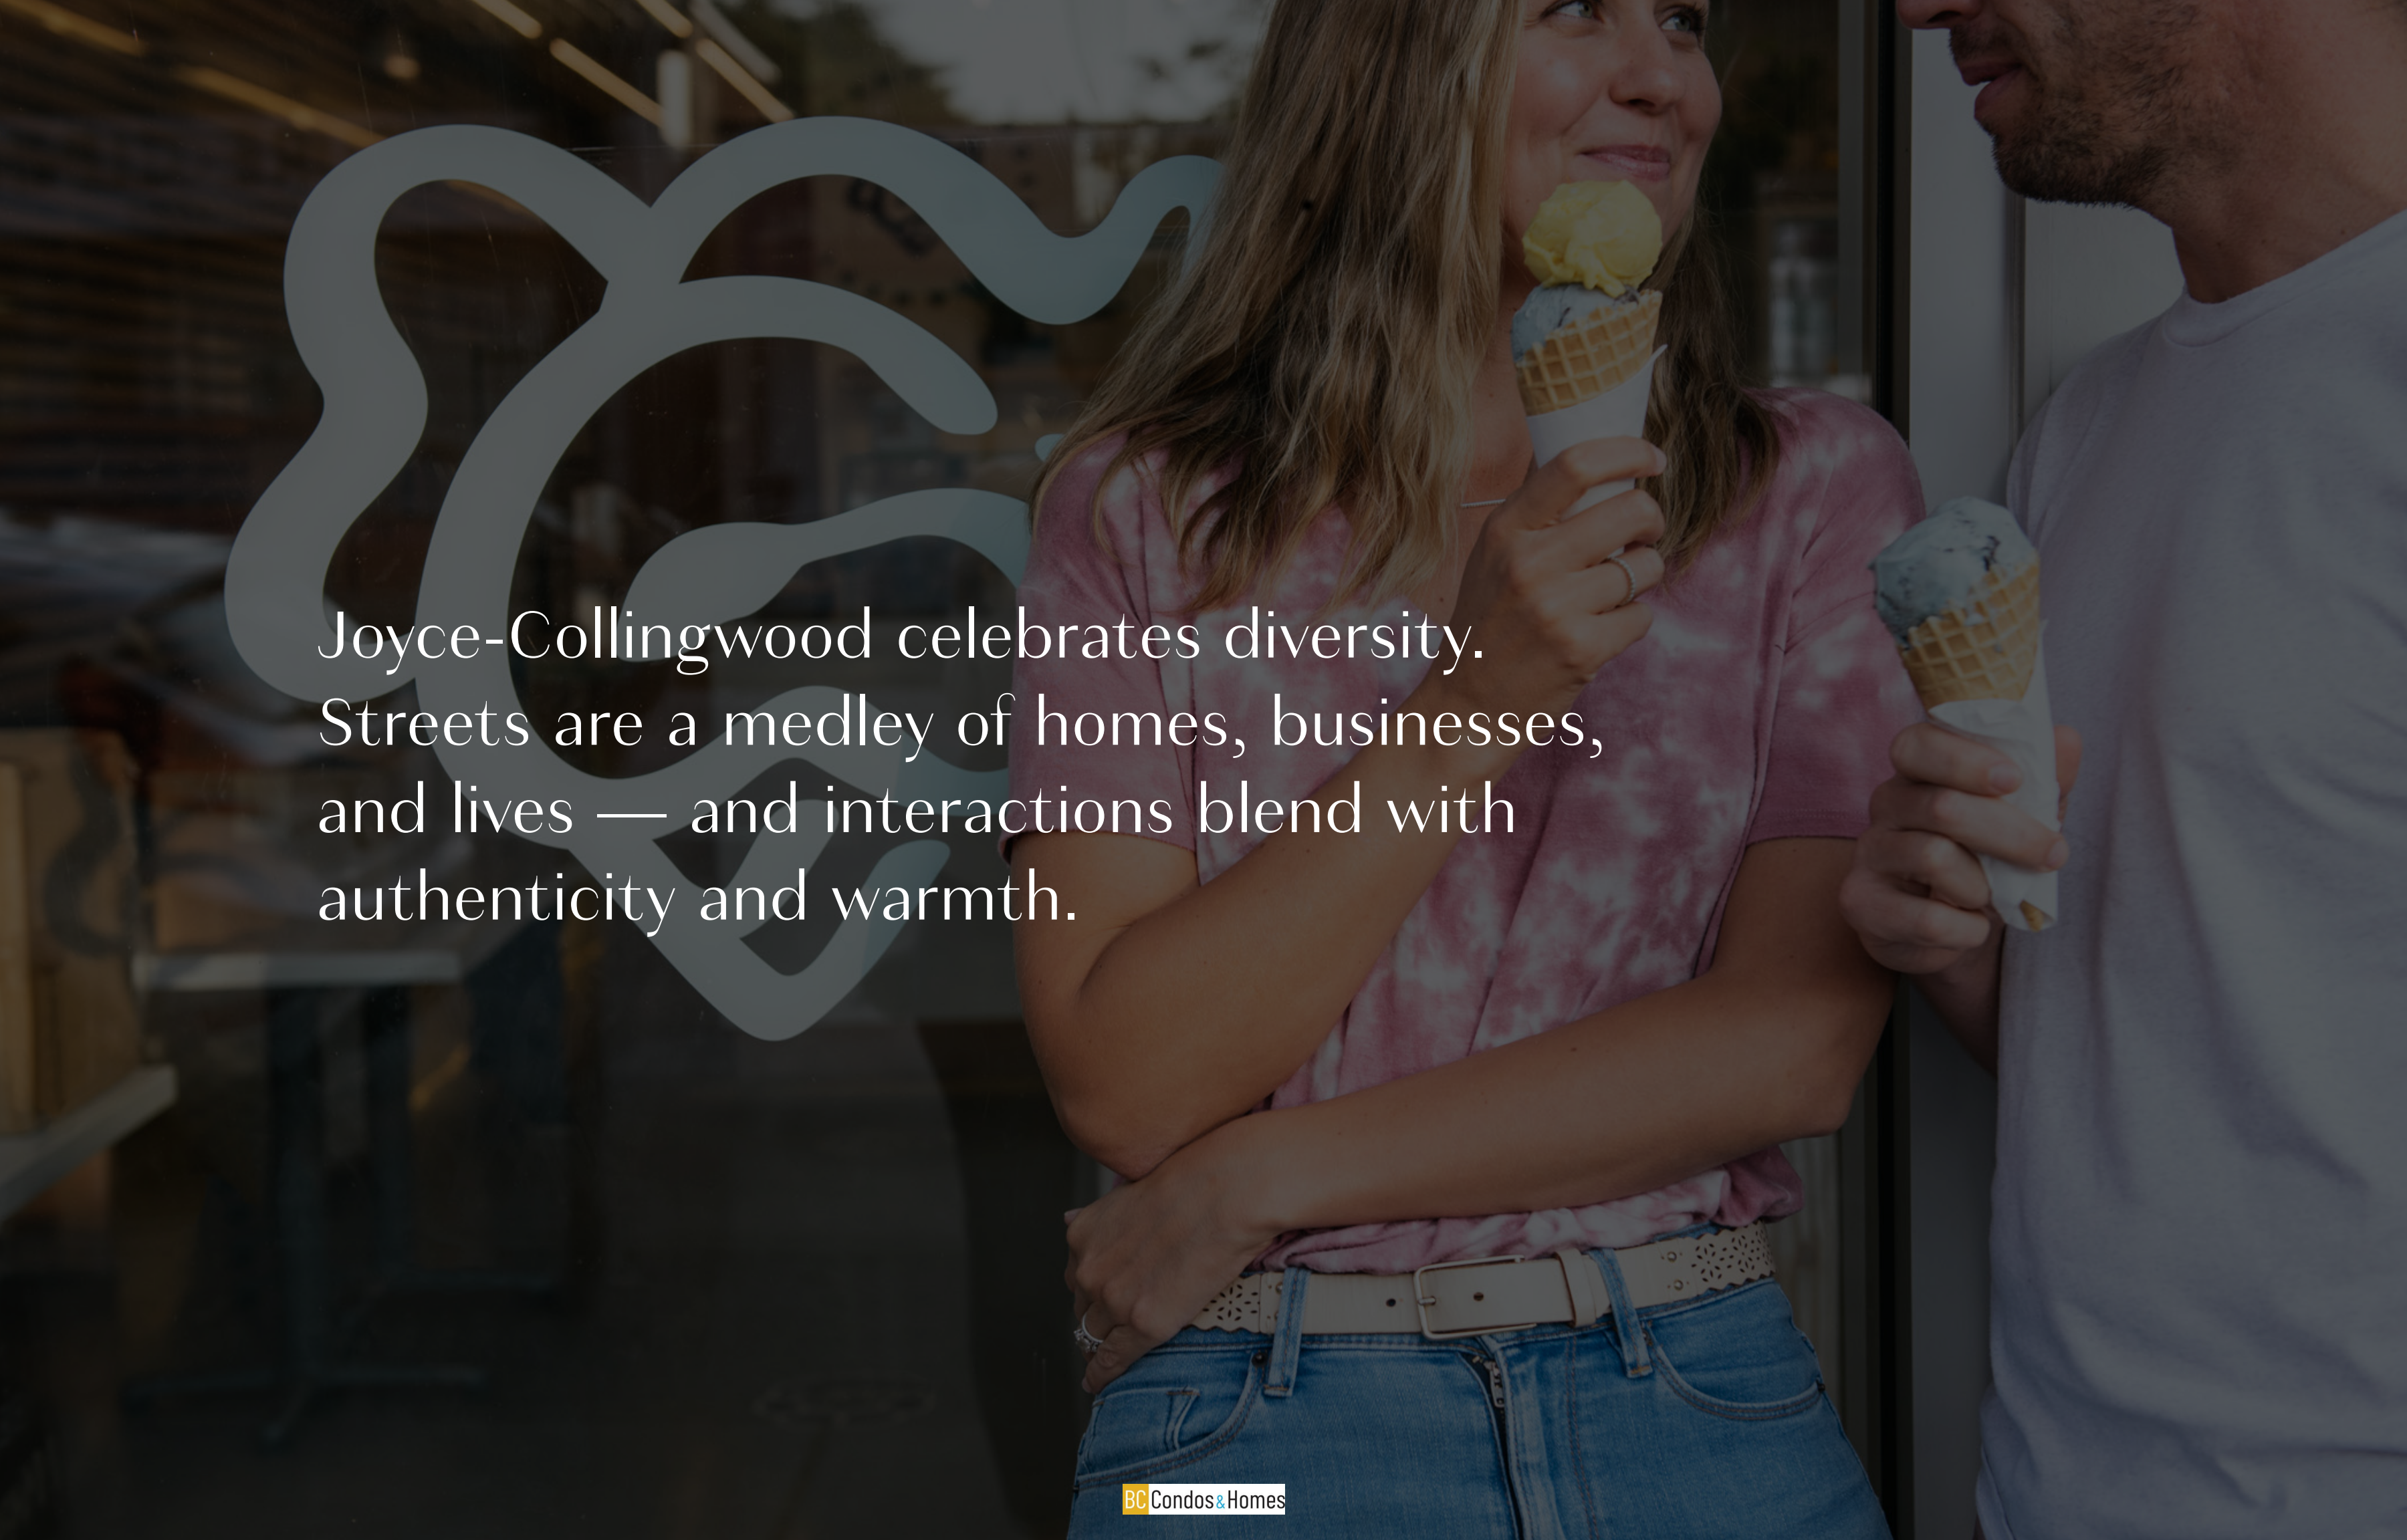

There's a feeling that you belong. There are people who say hello. There's a sense of discovery. Just a few reasons why Clive by Nexst Properties is the next place to call home.

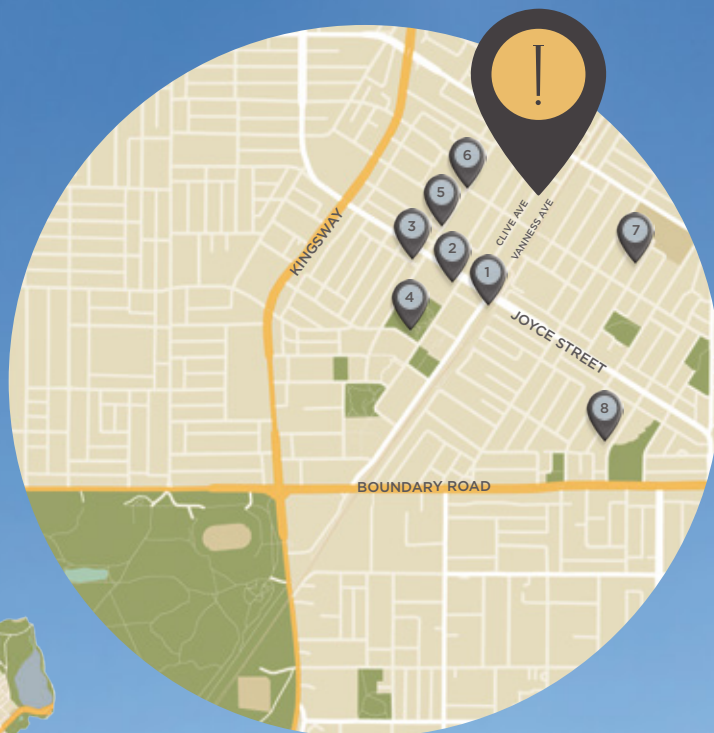

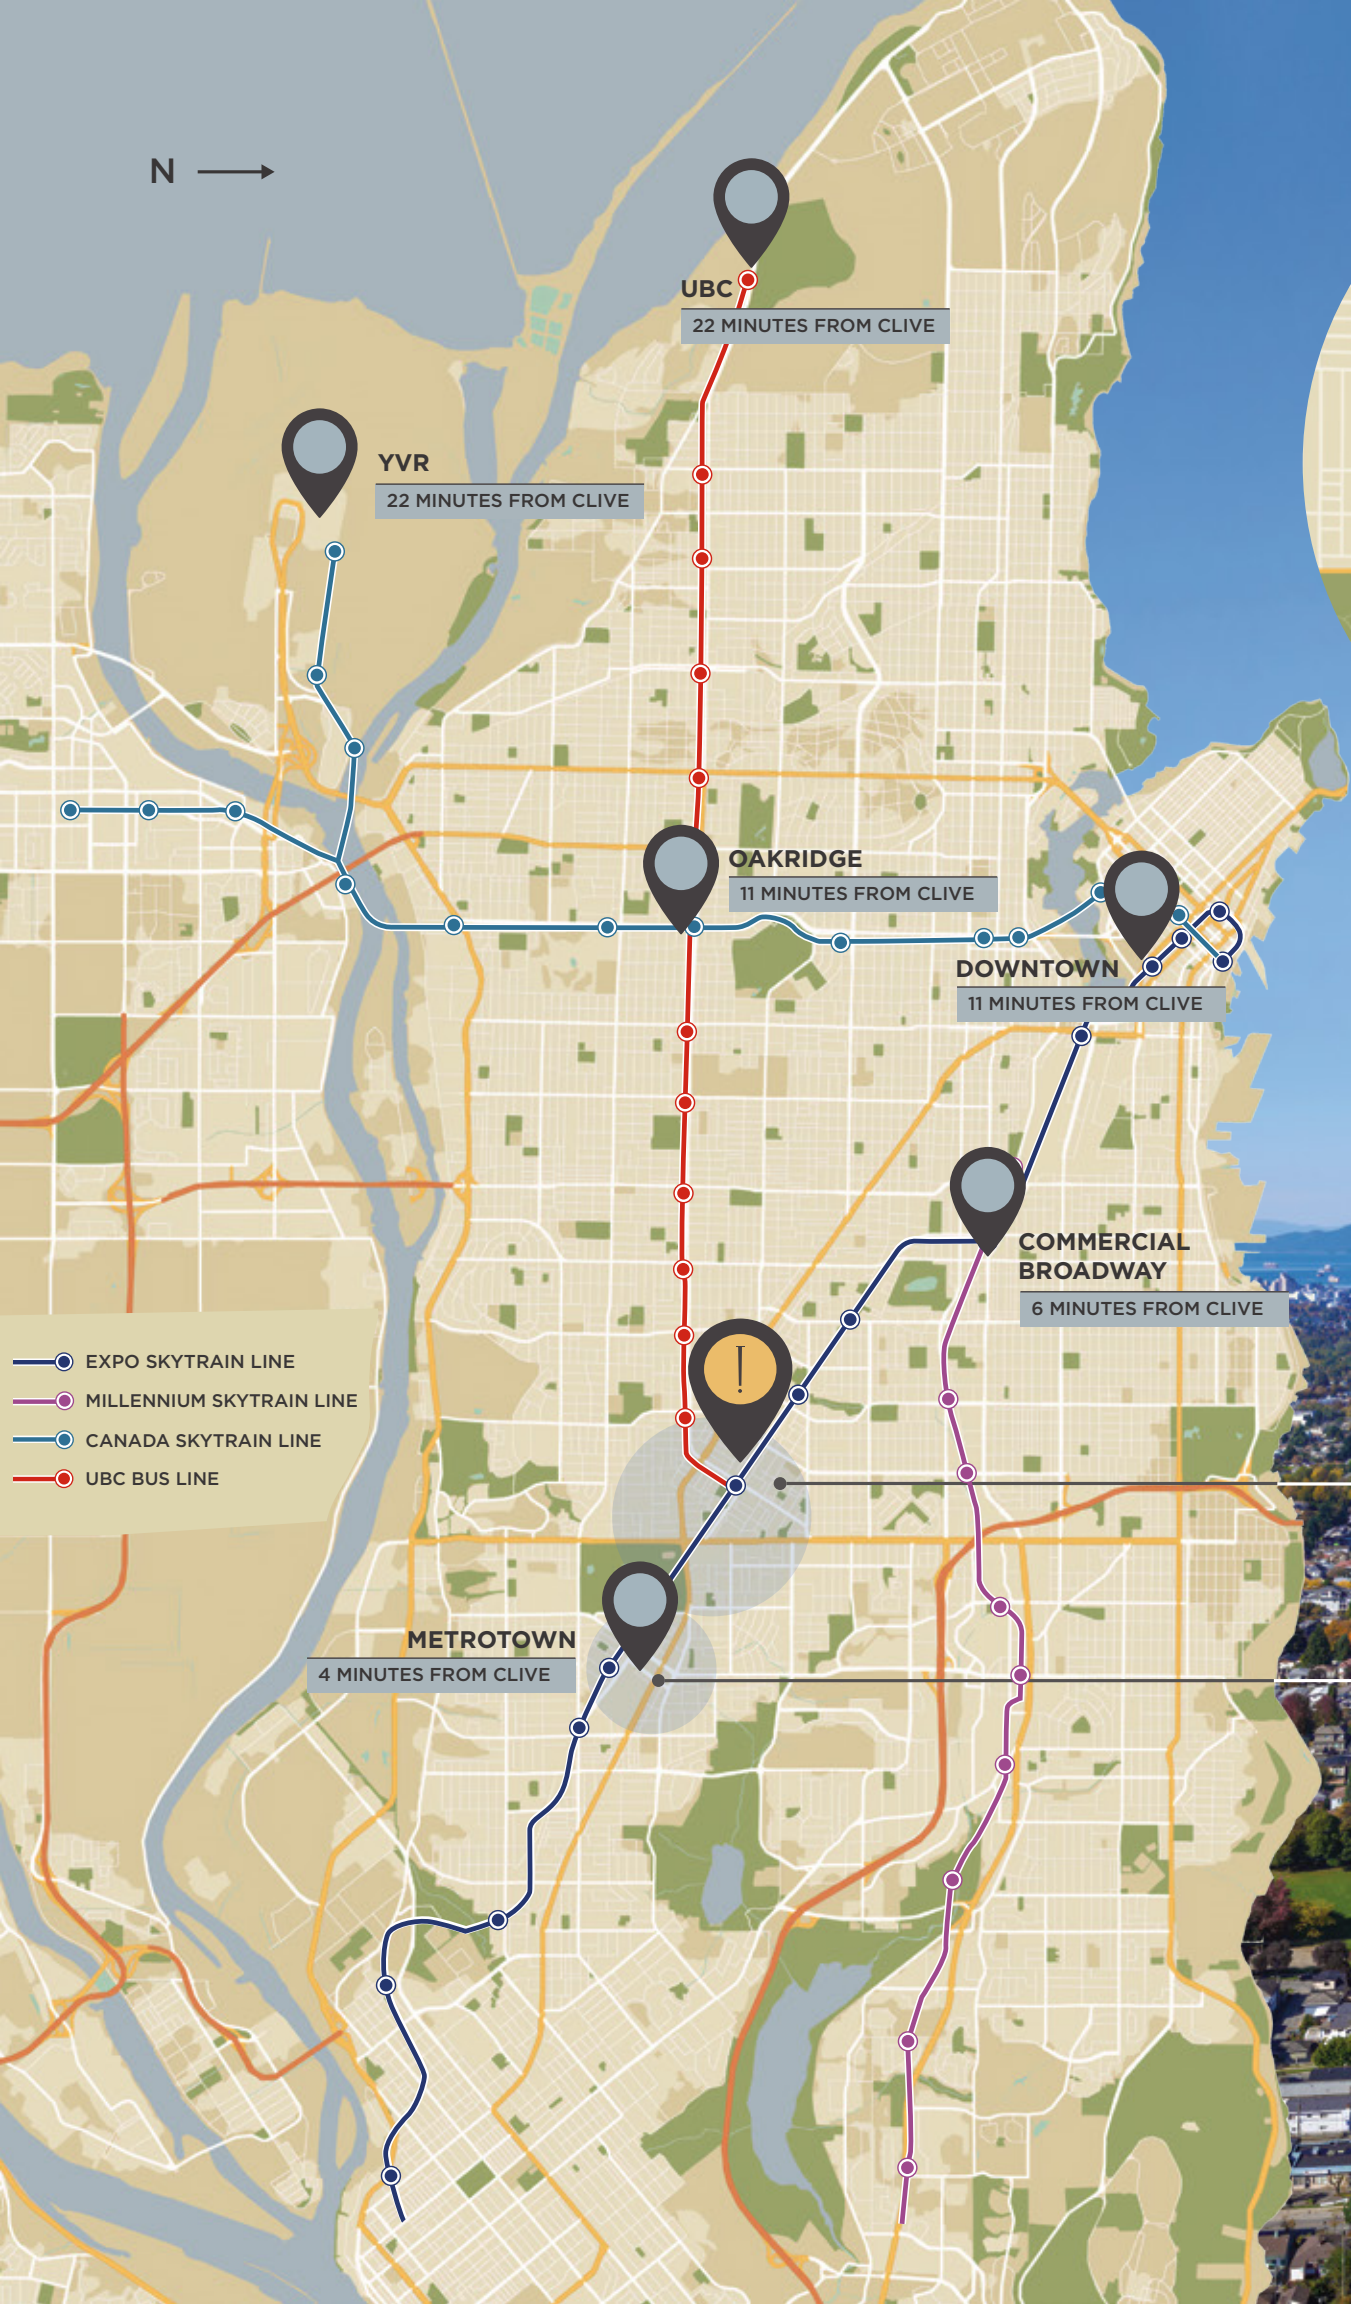

Unique in design and in placement

Clive introduces 68 design-forward homes to Vancouver's eclectic Joyce-Collingwood community, a charming residential neighbourhood that's in the midst of an inspiring refresh.

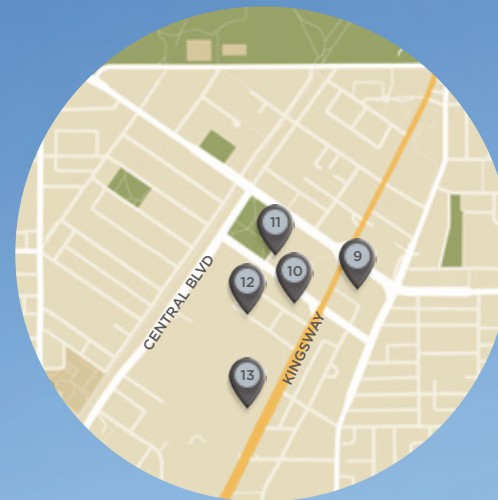

A woman with long blonde hair, wearing a pink tie-dye t-shirt and blue jeans, is smiling and looking at a man. She is holding a waffle cone with yellow and blue ice cream. The man, wearing a white t-shirt, is also holding a waffle cone with blue and white ice cream. They are standing outdoors in front of a building. A large, stylized, light blue 'Q' logo is overlaid on the left side of the image.

Joyce-Collingwood celebrates diversity.
Streets are a medley of homes, businesses,
and lives — and interactions blend with
authenticity and warmth.

THIS IS HOME

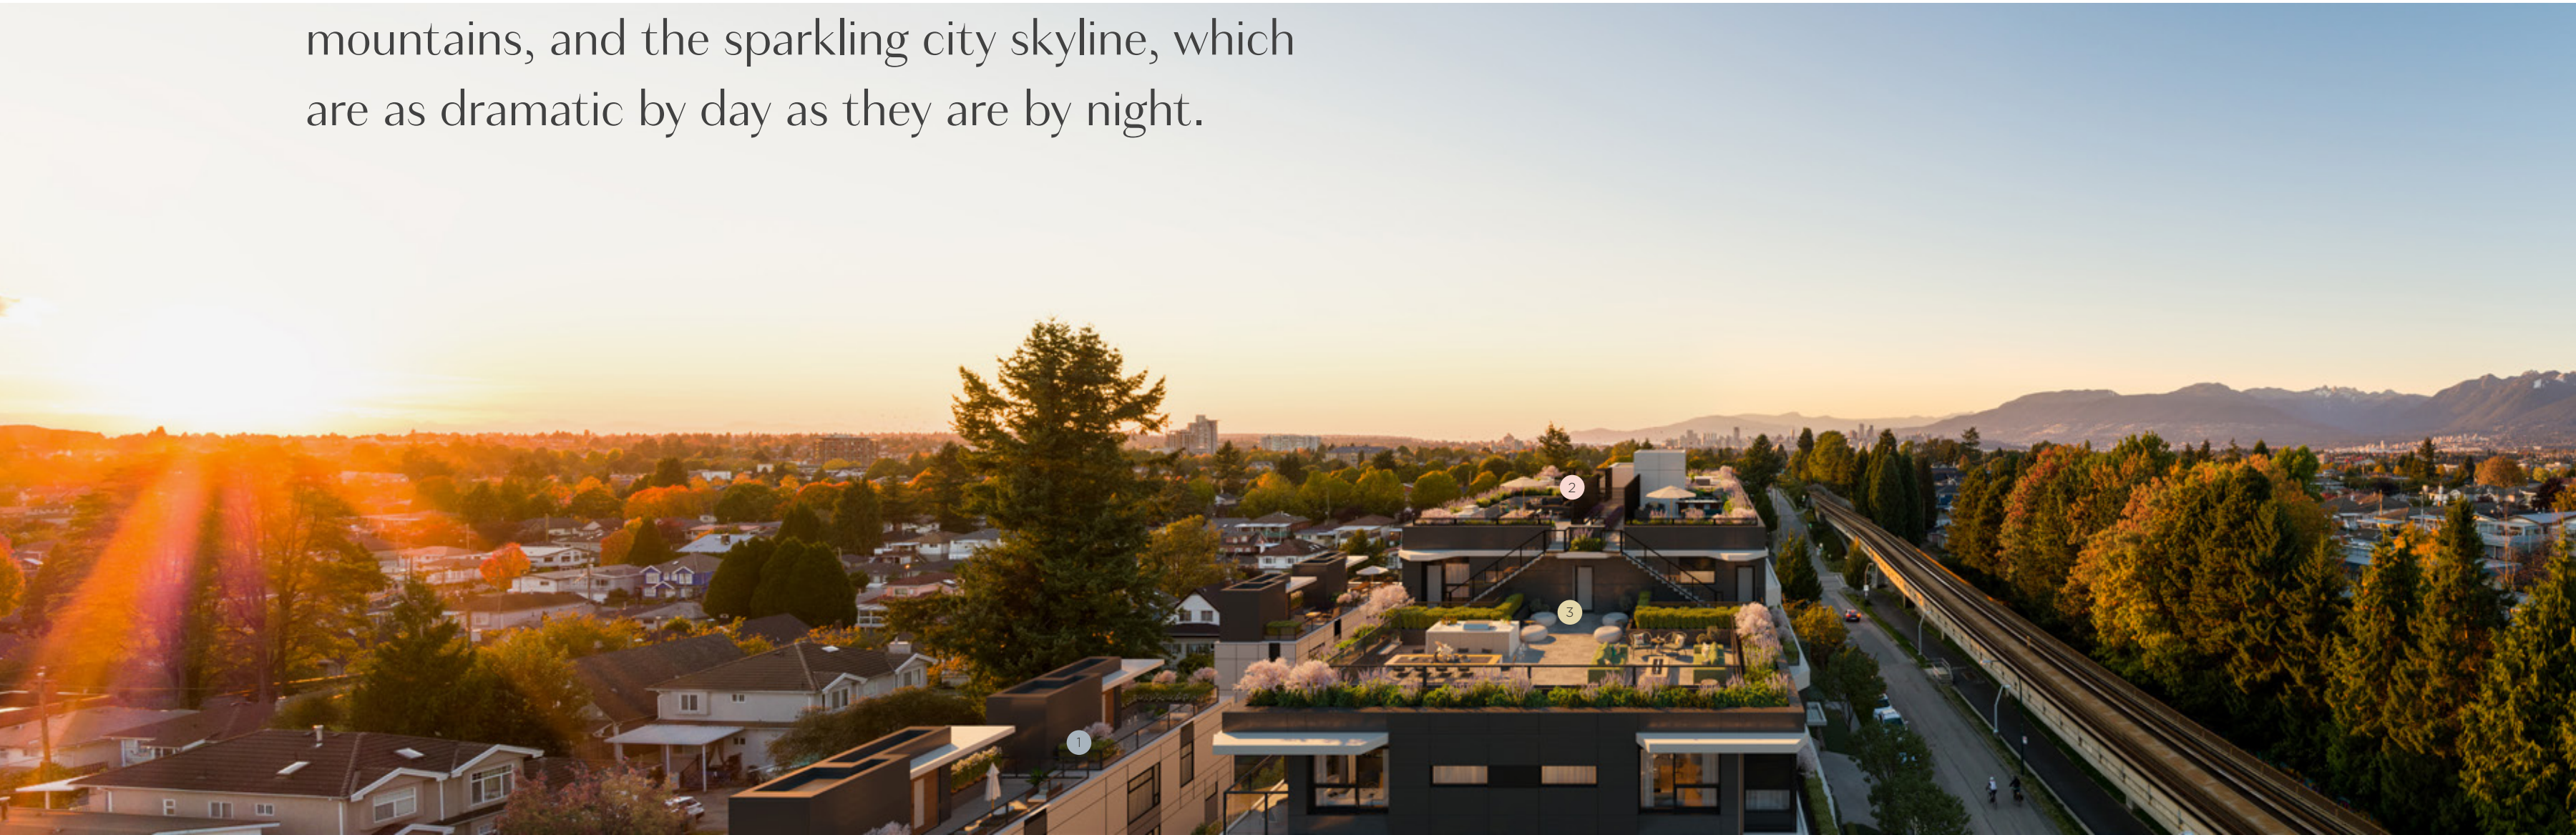

Modern architecture and colourful landscaping come together to create a warm presence on a quiet residential street.

Every detail counts for something.

Designed by dys architecture, Clive's façade is anything but ordinary, with colours and textures used to make a timeless yet modern statement. Concrete construction and carefully selected, low-maintenance materials lead to a building that's made to last.

Take in stunning panoramic views of the setting sun, the majestic North Shore mountains, and the sparkling city skyline, which are as dramatic by day as they are by night.

Views to please — The five townhomes and four penthouse homes feature a private rooftop patio where you can create your own outdoor oasis. The 6th floor boasts an expansive common rooftop patio designed for connecting with family, friends, like-minded neighbours or simply escaping for quiet time alone — it's the perfect space to unwind, entertain or simply be.

- 1 FIVE PRIVATE TOWNHOME ROOFTOP PATIOS
- 2 FOUR PRIVATE PENTHOUSE ROOFTOP PATIOS
- 3 6TH FLOOR COMMON ROOFTOP PATIO AVAILABLE FOR ALL RESIDENTS

Beautifully integrated with the outdoors.

Soft florals and lush greens front the condos and townhomes along Clive Street and surround the central courtyard, creating a welcoming ambiance. The four-storey townhomes feature plenty of landscaped outdoor space, including private rooftop decks and ground level patios.

All that space and light to make your own. With two neutral colour palettes designed for you, modern interiors at Clive inspire you to be you.

UNIT 604, PENTHOUSE C, WARM SCHEME

A natural look — With tones and textures drawn from nature, the Warm scheme shows off sophistication's softer side.

Bright and fresh — The Cool scheme is a clean and contemporary backdrop that elevates you to the upper heights of style.

PRACTICAL MATTERS

Home works for you — Functional spaces make sense for everyday living. Each home boasts a collection of smart home devices throughout. Interiors are striking, modern, and refined with features that provide lasting value. Every detail is intentional.

In the mood for comfort — Working all day from home, lounging on the couch with Netflix, entertaining friends over a feast. Home is designed to be versatile for all your lifestyle needs.

HEART AND SOUL

Private sanctuary — Ensuites are a luxurious enclave where you can refresh from morning to night. Step on large-format tiles, run your hands across the smooth quartz countertop, and keep all your toiletries in the medicine cabinet or under-sink storage.

Understated touches include:

- UIOT motion activated under-counter lighting for late night trips to the washroom
- Medicine cabinet for additional storage
- Shower storage shelving niche

Collaborative creation — BAM Interior worked closely with Nexst Properties to craft a kitchen that would be an efficient space to cook, work, or dine — and a place you would be proud to host friends.

ALL FOR YOU

Materials and appliances were selected for their quality, endurance, and capabilities to give you confidence in your kitchen for years to come.

Other kitchen essentials — Style, innovation, and efficiency are at the forefront of features.

- Quartz countertops are a durable surface for prep and projects.
- A statement backsplash is made up of diamond-shaped tiles in different shades of white or black.
- Display favourite items on open shelving.
- Square-edged cabinetry offers plenty of storage space, including custom corner shelving.
- The brushed stainless faucet is a timeless detail.
- Smart plugs make charging USB devices easy.

The world's most powerful
air filtration technology is
built into every home
at Clive.

To us, clean, purified air should be an essential part of every home, and we believe in doing more for the health and wellbeing of our residents. Clive will be the first building in Canada to integrate cutting edge air filtration technology throughout our entire premises.

INTELLIPURE is a state of the art, ultrafine air cleaning system built to purify the air in every room. It's certified to exceed industry filtration standards: Intellipure systems filter particles as small as 0.007 microns. That's fine enough to catch and remove harmful microorganisms like bacteria, viruses, including Coronaviruses, fungi and molds from the air in your home, along with odours and dust. Intellipure's filtration system also excels at removing ultrafine airborne particles that result from smoke, car pollution, and cooking fumes.

Nexst
Properties

Nexst Properties has an eye for enriching the sense of community in blossoming neighbourhoods, which is exactly how Clive came to be. Centralized and diverse, with parks, schools, and transit at hand, Joyce-Collingwood's growth is quickly propelling to new heights.

We recognized its potential, and set out to design homes that aligned with this forward momentum — homes that offer an enhanced degree of wellness and quality. Along with a focus on liveability and style, Clive will be the first building in Canada to integrate the highest available level of inside air purification throughout the homes and common areas.

Our years of experience crafting homes makes it possible for us to push the envelope of innovation and design in a way that will benefit homeowners for years to come.

dys architecture

Clive flawlessly communicates dys architecture's thirst for innovation and creativity.

Driven by a strong sense of social and environmental responsibility, dys found an opportunity to design 68 contemporary and meaningful homes that reflect the cultured needs of varying demographics in a diverse and vibrant neighbourhood. Clive was about finding the right balance inside and out, creating a signature collection of bold architectural homes with thoughtful greenspaces and places to connect. True to all their projects over the past few decades, dys focused on architecture that makes a positive impact on the lives of its users.

A project of Clive's calibre comes from some of the industry's finest minds. Spearheaded by Nexst Properties, with masterful design by dys architecture and inspired interiors by BAM Interior, this collaboration has brought a vision of quality, and intelligent design to life.

Like all their projects, BAM Interior approached Clive with the aim of creating spaces with distinctive character and personality.

Combining their experience in designing interiors for both multi-family and custom homes, BAM set out to create spaces that felt tailor-made. They drew inspiration from the natural world for an aesthetic that would perfectly blend in with homeowners' tastes. BAM believes the essence of interior design is about forming identity, expressing unique character, and cultivating passion — you can see it at Clive.
